MY LIST OF CHOICE

Flower Seeds

1. They are fresh and of the best grown.
2. I have only reliable kinds and such novelties as have established value.
3. All mixtures are made by myself from named varieties only.
4. My packet prices are less than the usual rates, allowing a larger assortment for the same outlay.
5. All orders for seeds are filled with the utmost promptness.

I am a real, live woman and give personal attention to my business.

Emma V. White, 3010 Aldrich Av. S., Minneapolis, Minn.

LIBERAL PREMIUMS
Take Notice—Extra packets of seeds will be allowed on every purchase from my catalog (excepting Sulpho-Tobacco Soap and Lawn Grass seed, on which prices are net), but the selection must invariably accompany the order. Orders sent at different times cannot be taken together to entitle one to a premium. Each customer will be allowed to select extra packages of seed from a list of especially choice varieties to be found on the opposite page.

FREE: "MY CULTURE OF VEGETABLES"
A carefully prepared booklet on growing vegetable seeds will be given free with every order for vegetable seeds amounting to 10 cents or over.

MY "CULTURE OF FLOWERS"
Price, 5 cents. Free with Orders of 25 cents or Over.
It is not enough to sow seed. It must be done right and under proper conditions. My booklet tells you how to do it. It is practical, not technical; for the amateur, not the professional; and even the least skillful can understand and follow its simple yet comprehensive directions. To cover part of the cost, I make a nominal charge of 5 cents. Free, if asked for, with any order of 25¢ or over.

Watertown, Mass., Aug '10. "I never saw such a helpful little book (Culture of Flowers) on gardening as this one."—Julia A. Perley.

MY THREE WARRANTS

1. I Warrant Your Remittance to Reach Me if sent by either postoffice or express money order, bank draft or registered letter, but by no other method. You may select extra flower seeds in packets to the amount of the cost of sending money by any one of these methods. If you remit by stamps or silver, it will be at your risk. If stamps are sent use one or two-cent stamps, and do not stick them to your letter. It is comparatively safe to send small amounts of silver, but it should never be put loose in the envelope. Sew it between pieces of pasteboard or cloth.

2. I Warrant My Seeds to Reach You, provided I receive your order. If you do not receive them promptly, please notify me not later than two weeks after the date you sent your order, and give date and enclose duplicate, of which you should always retain a copy. You should receive your seeds within two or three days of the actual time it takes the mail to come and go between the two points, as I aim to fill all orders within twelve to fourteen hours of my receipt (except punt and bushel orders. See page 49-52). Promptness is my motto: Try me. If you do not get your seeds it is from one of the following reasons:

WHY YOU DO NOT RECEIVE YOUR SEEDS.

a. No address given. I receive many orders without signature or postoffice being given. Be sure to sign your name.
b. Insufficient address. If there is mail delivery do not fail to give street or rural delivery number.
c. Indistinct writing. Take special pains to write name and postoffice distinctly.
d. No title given. Ladies should always give title, Miss or Mrs., especially if initials only are signed.
e. Fault in Postal Service. Sometimes letters fail to reach me, and sometimes packages, even when properly addressed, are lost or miscarried in the mails.

3. I Warrant My Seeds to be Good.
No one can promise that seeds will grow, nor do I, as so much depends on the conditions. I know by actual testing that my seeds are good, but if any failed to grow for you last year and you feel that the failure is due to lack of vitality in seeds, and not to some other cause, you may feel at liberty when placing your order with me this year to include such varieties. Seeds of Greenhouse Plants, which generally require special care, are excepted from this offer to replace. In making application for seeds to be replaced, please refer to date or number of last spring's order in which it was included.
MY 1911 LIST OF PREMIUMS

ONE PACKET FREE WITH EVERY 25 CENTS OF YOUR ORDER
(Sulpho-Tobacco Soap and Lawn Grass excepted).

1. I WANT YOU to read and take advantage of this liberal offer. In this list are many things not largely called for, but it is because they are not well known; once tried they will be clussed with your "must-haves." Here is an opportunity to experiment without extra cost.

2. PREMIUMS MUST BE SELECTED WHEN THE ORDER IS SENT. Orders at different times cannot be taken together to entitle one to a premium. For convenience the List of Premiums will be found printed on the order sheet. Check off those you wish.

3. IF YOU PREFER TO MAKE YOUR OWN SELECTIONS from my general list, you may do so, selecting the number of packets due from my flower seeds only, and from such packets as are listed at not more than 5 cts. per packet.

4. If premiums are not selected according to above offers, I shall have to make the liberty of substituting.

LIST OF PREMIUM SEEDS

VEGETABLES,

1. BEET. Some early variety, my selection.
2. CHIVES. Used for seasoning. Hardy perennial of the onion tribe.
3. LETTUCE. Some variety from my list, p. 57; my choice.
4. MUSKMELON. Emerald Gem. Small, extra early; orange flesh.
5. WATERMELON. PHINNEY'S EARLY. Very productive.
6. PARSLEY. Moss Curled. No garden is complete without plenty of parsley for garnishing. It furnishes nice green for bouquets, too.
7. RADISH. Winter Rose. Most popular for winter or fall use.
8. RADISH. Some variety from my list, p. 57; my choice.
9. SAVOY, OR SALAD, CABBAGE. Ironhead. The Savoys have crumpled yellowish leaves, fine for garnishing salads or meats; especially tender and of deliberate flavor when cooked. Ironhead is very early and hard-headed.
10. TOMATO, Golden Queen. Splendid for cooking or preserving.
12. TOMATO. Livingston's Coreless. Large, smooth, globe-shaped, always free from green core.

FLOWERS

13. ASCLEPIAS TUBEROUS. (Pleurisy Root). Bright orange scarlet flowers. See general list for description.
14. ASTER. Vick's Lavender-Pink. Large Chrysanthemum-flowered, delicate pink tinged with lavender. A beautiful Aster.
15. CALLIOPSIS. Burbank's Extra Select, including the new Golden Ray, Radiata and Tiger Star.

LIST OF PREMIUM SEEDS—Continued.

16. COSMOS. Lady Lenox. Suitable for southern and central states only. See Cosmos page.
17. COSMOS. Early flowering. Mixed. Suitable for all sections.
18. GIANT CENTAUREA, or Sweet Sultan, mixed. A splendid selection of Centaurea imperials.
19. GLAUCIUM TRICOLOR. New Horn Poppy. New hybrids from Burbank. Orange red, with black or yellow spots.
20. HELICHRYSUM (Straw Flower). The most popular everlasting.
21. KOCHIA TRICOPHYLLA (Summer Cypress, or Fireball Plant). A splendid decorative plant. Leaves turn red in the fall. 3 ft.
22. MALVA MOSCHATA (Musk Mallow). An iron-clad perennial, in bloom all summer and fall. Flowers pink, or white.
23. MIGNONETTE. New. White Pearl Machet. Large spikes of pure white, very fragrant.
24. NASTURTIUM. Dwarf. My selection according to surplus.
25. NASTURTIUM. Tall. My selection according to surplus.
27. ORNAMENTAL PEPPER, Mixed. Ten kinds of small-fruited, peculiar-shaped peppers. Ornamental as pot plants. Fruit also good for seasoning.
28. PANSY. Some choice variety from my list, according to surplus.
29. PHLOX. Fringed and Star, Mixed. Lovely varieties, including the new salmon pink.
30. PINK. Fireball. Handsome, large red dianthus pink.
31. SHASTA DAISY. Alaska. The best variety of this most popular perennial.
32. SNAPDRAGON. New pink shades. Very handsome varieties.
33. SWEET PEAS. Giants of California Mixed, fine selection.
34. ZINNIA, CRIMSON GERANIUM. New fire crimson, splendid for bedding.

POPULAR MIXTURES

MIXED PERENNIAL SEEDS

WHY NOT HAVE A BED OF HARDY PERENNIALS? It requires but little care when once established, but it will afford a succession of bloom from the earliest springtime through the season. To assist my patrons in securing a bed, offer mixed packets of Perennial seeds, containing the following perennial and biennials, described in catalog. See "Culture of Flowers," p. 8.

No 2. To give my patrons a still greater variety, I offer a second mixture, including a number not described in my regular list.

Either of the above Mixtures, Large Packet, 10c; one of each for 15c.

1 oz. Mixed Perennials (last year's seed). 15c.

MIXED HARDY CLIMBERS

Large Packet, Mixed, 15 Varieties, 10c.

MIXED HERB GARDEN

Large Packet, 10 Varieties, Mixed, 10c. Each Variety, per pkt., 3c.
MY SELECT ASTERS
READ MOST CAREFULLY.

What Varieties of Asters shall I buy? An important question, especially for those who grow for exhibition purposes.

Will you take my judgment? For early, Queen of the Market; for second-early, Daybreak, Lavender Gem, Purity, Sunset, Victoria. For medium Comet and allied styles, such as Hohenzollern Ostrich Plume, Grego or Mikado, Pink Beauty, Royal Purple. For late, Semple's Branching and Invincible.

Almost all the Novelties of the last few years have been variations of four types, Comet, Queen of the Market, Victoria and Semples, and these will always be standards. I have, however, gathered from the most prominent growers what I consider to be their best novelties, which you will find offered in attractive form and at available prices.

All the last Branching Asters listed by different seedsmen under different names belong to the Semple's class.

Asters, Pansies, Sweet Peas are my Specialties.

GIANT COMET ASTER

The flowers are very large and the petals so twisted and curled as to give a decidedly Chrysanthemum effect. Splendid for cutting. As they are medium early, grow them with late varieties for a succession of bloom. Price of each, per pkt., 125 seeds, 5c; 2 pkts., 8c.

Giant Comet, The Bride, and also light pink. The Bride is at first pure white, then changes to a lovely pink and finally to a beautiful rose.

Giant Comet, Lavender and Blue. Various shades of lavender and blue, including both light and dark varieties.

Giant Comet, Pink and Rose. Various shades of pink, including the new Saturn Rose.

Giant Comet, White. Pure White, beautifully fringed.

Giant Comet, Mixed. A special mixture of the above and other choice varieties.

Don't be Afraid of my low aster prices. Scores of complimentary letters are evidence of satisfactory seed. Please note that I follow my usual custom of lessening the size of the package instead of increasing the price. Wouldn't you rather have a larger assortment for same outlay?
SEVEN NEW ASTERS

**New Crego Aster.** A splendid new Aster of the comet type which has been under selection and improvement for the past ten years by an expert grower until it has reached a perfection unsurpassed by any other of this class. The blossoms measure 4 to 5 inches when well grown. The petals are long and much twisted, producing a fluffy appearance, more like a chrysanthemum than any other aster. See cut on page 3. Mixed, including two sorts, pure white and lovely sea-shell pink. Pkt., 75 seeds, 6c; 2 pkts., 10c.

**Dreer's Crimson King Aster.** Of late branching type, in color a dark blood-crimson, producing a brilliant effect when massed in a bed. A truly remarkable aster in perfection of form and appearance, and the flowers frequently measure 5 inches across. Splendid for cutting. Pkt., 75 seeds, 6c; 2 pkts., 10c.

**Dreer's Pink Beauty Aster.** A mid-season aster, blooming continuously from early August until well into September, of the Purity type (see cut p. 5). Plants grow two feet tall and are covered with large, perfect flowers, sometimes 50 at a time; color, delicate blush-pink, one of the most popular for cutting. Pkt., 75 seeds, 6c; 2 pkts., 10c.

**Vick's Milkado Aster.** Mixed. Immense fluffy asters, like great Chrysanthemums, borne on long, stiff stems. It is a mid-season aster of the comet type, tho much shaggier and more graceful. This mixture includes 3 colors, white, rose and the much advertised Pink Rochester, a beautiful light pink. Pkt., 75 seeds, 6c; 2 pkts., 10c.

**Royal Purple Aster.** This is Vick's Aster and by many is considered the best purple aster grown. It belongs to the branching class, but commences to bloom medium early, continuing in flower till late fall. Blossoms are large and perfect to center, color bright purple. Pkt., 75 seeds, 6c; 2 pkts., 10c.

**Snowdrift and White Fleece.** Lovely, large, plumy white, two of Dreer's new asters. The two mixed, Pkt., 75 seeds, 6c; 2 pkts., 10c.

**White Parisian Market.** Extra early Queen of the Market. It blooms much earlier than others. Try it. Pkt., 55 seeds, 6c; 2 pkts., 10c.

OTHER STANDARD ASTERS

**Dwarf Mixed Aster.** Dwarf Asters are pretty to edge a bed or to grow in pots. They bloom profusely, forming a little mound of flowers almost hiding the foliage. My mixture includes three favorite sorts, Bouquet, Chrysanthemum and Peony, all double, in many colors. Pkt., 125 seeds, 5c.

**Fireball Aster, or Dwarf Triumph.** A brilliant Aster, with beautiful double flowers of brightest scarlet. Very effective for bedding or as an edging. Pkt., 100 seeds, 6c.

**Jewel, or Ball, Aster.** Petals are incurved, forming handsome, ball-shaped flowers. Tall, much-branched and great bloomer. Mixed. Pkt., 100 seeds, 5c; 2 pkts., 8c.

**INVINCIBLE ASTER**

Henderson's famous strain, belonging to the late branching class. The plants are very robust, and the large, exceedingly double flowers are superior in every way. Stems are long and strong, and the flowers run almost entirely perfect, averaging 3 to 4 inches across. Prolific and continuous bloomers, unsurpassed as cut flowers for home or public decoration.

Price of each, per pkt., 100 seeds, 5c; 2 pkts., 8c.

**OSTRICH PLUME, or Hohenzollern, Aster**

Of the popular comet type, but the blossoms are larger, emphasizing the beautiful Chrysanthemum effect.

**Ostrich Plume.** White. Pkt., 100 seeds, 5c; 2 pkts., 8c.

**Ostrich Plume.** Mixed, many beautiful colors. Pkt., 100 seeds, 5c; 2 pkts., 8c.
QUEEN OF THE MARKET ASTER

This ought to be included in every purchase because it comes two or three weeks earlier than any other sort, and is besides a handsome aster. See illustration of a growing field of these splendid asters. Price of each, per pkt., 125 seeds, 5c; 2 pkts., 8c.

Pink Shades  White
Purple Shades  Mixed

TRUFFAUT’S PEONY PERFECTION ASTER

One of my customers said these were among her largest and finest asters. Petals are loosely incurved, giving a perfection of form unsurpassed. Mixed from named varieties. Pkt., 100 seeds, 5c; 2 pkts., 8c.

Collection of Six Peony Asters.
Blood-red, crimson, dark blue, light blue, rose, white. 6 half pkts., 15c.

Not CHEAP Seeds but LOW Prices.

Note my method of giving smaller packets, allowing a greater number of varieties for a given outlay.

A Field of Queen of the Market.

POPULAR ASTER TRIO

Three lovely Asters of the Victoria type, all introduced by Vick, with large, round, very full blossoms, on long stems, splendid for cutting. All are early and profuse flowering, and are like the Purity Illustration in habit of growth, shape and style of bloom.

Price of each, per pkt., 85 seeds, 6c; one of each, 15c.

Daybreak, delicate shell-pink.
Purity. Pure white, a beauty.
Sunset. Light pink, shading to deeper pink in the center.

OTHER CHOICE ASTERS

Vick’s Lavender Gem. An exquisite lavender of the fluffy, ostrich-feather type. Being in the second-early class and splendid for cutting, it is especially valuable for the commercial grower. Pkt., 85 seeds, 5c; 2 pkts., 8c.

Vick’s Violet King. A splendid branching Aster, with unusually large blossoms of a pleasing soft violet-lilac, as handsome in form as a Chrysanthemum. Pkt., 85 seeds, 5c; 2 pkts., 8c.

Victoria Mixed. About identical with the Jubilee and Washington Asters; much used by florists because it is medium early and bears such large double and compact blossoms. Pkt., 100 seeds, 8c.

Yellow Aster. The best yellow Aster; of medium size and of quilled form. Very pretty. Pkt., 100 seeds, 5c.
SEMPELE'S BRANCHING ASTER

The Handsomest Strain of Asters Grown. Especially prized by florists. The flowers are large, chrysanthemum-shaped and very double, and being borne on long, stiff stems are splendid for cutting. Coming late, they prolong the Aster season until frost. Use this strain with the Queen of the Market and the Comet and have a succession of the most beautiful Asters from mid-summer to latest frosts.

Price of each, per pkt., 125 seeds, 5c; 2 pkt., 8c.

Semple's Crimson and and Deep Rose shades, mixed.
Semple's Deep Violet, an exceedingly rich color.
Semple's Lavender. Beautiful light lavender.
Semple's Shell Pink. No more satisfactory Aster grown.
Semple's White. Pure white.
Semple's Mixed. My own mixture of the above and other named sorts. 5 pkts., one of each color, 20c.

Rodman, N. Y. "Your Asters and Panies are excellent." - Miss C. Kenfield.

ASTER MIXTURES

EXHIBITION ASTER COLOR MIXTURES

A New Departure. The increasing demand for asters as cut flowers makes it desirable to grow them in separate colors. I therefore offer my newest and largest sorts, those especially adapted for exhibition or commercial purposes, in five groups as follows. Read and tell me if this is not a method you have long wished for.

Price per pkt., 125 seeds, 5c; 5 pkts., one of each, 25c.

Exhibition Dark Blue and Purple Asters. A mixture including these shades in the Invincible, Ostrich Plume, Peony, Queen of the Market, Semple's and Victoria classes, also Vick's Royal Purple and Violet King, 8 sorts.

Exhibition Deep Pink and Rose Asters. A mixture of these shades in the following classes: Comet, Invincible, Ostrich Plume, Peony, Queen of the Market and Semple's, also Deere's Crimson King, 7 sorts.

Exhibition Lavender Asters. A mixture including lavender shades in the Comet, Ostrich Plume, Peony, Queen of the Market, Semple's and Victoria classes, also Vick's Lavender Gem, 7 sorts.

Exhibition Light Pink Asters. A mixture of light pink, including Crego, Daybreak, Invincible, Pink Beauty, Vick's Rochester, Semple's Shell Pink, Sunset and Vick's Lavender-Pink, 8 sorts.

Exhibition White Asters. A mixture including Comet, Invincible, Ostrich Plume, Peony, Purity, Queen of the Market, Snowdrift, Semple's Victoria, White Fleece and White Parisian Market, 10 sorts.

ASTERS, PRIZE MIXTURE

This is my mixture of only large-flowering varieties, especially designed for those who are raising flowers for exhibition or commercial purposes. It includes all the desirable large-flowering forms in an infinite range of colors, especially the lighter shades. Pkt., 125 seeds, 5c; 2 pkts., 8c; ½ oz., 40c.

IMPERIAL ASTER MIXTURE

For those who would like to try all of my varieties I offer in this a mixed packet containing everything I list. A packet of this mixture will surprise you with almost every shade of Aster grown, giving early and late bloomers, and many styles and shades of flowers. I have hundreds of letters commending my Asters and know that no other general mixture will give better satisfaction. Pkt., 125 seeds, 5c; 2 pkts., 8c; ½ oz., 25c.

ASTERS, GOOD MIXED

A mixture of my left-over seed, including only such varieties as have tested well. A large percentage will germinate. Pkt., 200 seeds, 4c.

SPECIAL ASTER OFFERS

Any Ten Full 5-cent Pkts. your choice, 40c.
Any Ten Full 6-cent Pkts. your choice, 50c.

Sunproof Alexander. Bright scarlet red; does not sun-scall.

White Gladys. White, very large form, wavy edges.
Leavenworth, Kan., Apr., '10. "Three different years I’ve planted your seeds. The Sweet Peas have been perfectly beautiful."—Miss Lucy Marble.

STANDARD SWEET PEAS

BEST FIFTY VARIETIES

Price for any sort in the "Best Fifty Variety" list, pkt. 90 seeds, 5c; 1 oz., 10c; any 4 oz., 25c; 1 lb., 75c.

DARK BLUE AND PURPLE

Countess of Cadogan. Color effect a handsome porcelain blue.
Lord Nelson. Like navy blue, but of deeper color.
Mrs. Walter Wright. Rose-purple, changing to bluish purple.
Navy Blue. One of the best dark blues, standard often crinkled.
Mixture of Dark Blue and Purple. Above five mixed.

DEEP PINK AND ROSE

John Ingman. Rosy carmine, large size, wavy edges.
Mrs. Dugdale. Crimson rose on primrose ground; very attractive.

Prince of Wales. Rose-crimson; best variety of this shade.
Royal Rose. Crimson pink; semi-hooded form of the best type.
Mixture of Deep Pink and Rose. Above five mixed.

CLARET AND MAROON

Black Michael. Intensely dark maroon; very rich shade.
Horace Wright. Dark violet maroon, large size, hooded form.
Othello. Largest and best maroon with almost black veining.
Mixture of Claret and Maroon. Above three varieties mixed.

LAVENDER AND LIGHT BLUE

Lady Grisel Hamilton. Largest and best light lavender.
Maid of Honor. White ground, edged with delicate blue.
Mrs. Geo. Higginson. The only azure blue; very fine.
New Countess (Harpree’s). Favorite light lavender.
Phenomenal. White with palest edge of blue.
Mixture of Lavender and Light Blue. Above five mixed.

LIGHT PINK

Countess of Spencer Hybrids. The new orchid-flowering Sweet Pea now universally placed first on any list. The true type is a delicate pink, but it is quite apt to sport, and many beautiful varieties have come from it, mostly in shades of pink, salmon and rose.

Countess of Latham. The best salmon-buff, of hooded form.
Dainty. Pure white, prettily bordered with a delicate pink edge.
Katherine Tracy. An attractive soft pink, always a favorite.
Marchioness Cholmondeley. Soft cream, overlaid with pink.
Primrose Donna. Lovely, light pink; a favorite in this class.
Queen of Spain. Soft buff pink, with wavy standard.
Venus. Lovely salmon buff, shaded rose; hooded form.
Mixture of Light Pink. The above nine varieties mixed.

PINK AND WHITE

Apple Blossom. The best bi-color; rose and white, tinged pink.
Blanche Ferry. Extra early. Most popular pink and white.
Mrs. Jos. Chamberlain. Light pink on white ground.
Mixture of Pink and White. Above four varieties mixed.

PRIMROSE

Dora Breadmore. Buff and primrose; large size, hooded form.
Hon. Mrs. E. Kenyon. One of the largest and best primroses.
Sybil Eckford (New). Light rosy apricot and lemon.
Mixture of Primrose. The above five varieties mixed.

RED

King Edward VII. Bright crimson-scarlet; does not burn.
Queen Alexandra. Almost a true scarlet. Holds its color well.
Salopian (Sun Proof). Deep scarlet; one of the most popular reds.
Scarlet Gem. A dazzling scarlet.
Mixture of Red. The above four varieties mixed.

SALMON-PINK

Aurora. Flaked orange salmon.
Bolton’s Pink. (New). Soft salmon orange.
Henry Eckford. A beautiful orange yellow.
Lady Mary Currie. Orange pink heavily veined.
Miss Willmott. Very large, deep orange pink.
Mixture of Salmon Pink. The above six varieties mixed.

WHITE

Dorothy Eckford. One of the best pure white varieties.
Emily Henderson. A standard sort and a great bloomer.
Shasta (New). Flowers very large, three and four on a stem.
White Wonder. Sometimes has six to eight blossoms on a stem.
Mixture of White. These four varieties mixed.

SPECIAL SWEET PEAS OFFERS

FROM MY "BEST FIFTY VARIETY" LIST

Any three packets, 10c; any ten packets, 30c; any four ounces, 25c.

Sweet Pea Collection. One-half packet each of my 50 varieties, fifty half-packets, 50c.

EARLIEST OF ALL SWEET PEAS

Selected, Extra Early. Like the popular pink and white Blanche Ferry, but two weeks earlier than the Extra Early strain, and from 4 to 5 weeks earlier than any other sort. Seed has been carefully selected from only the earliest blooming stock, and is especially recommended for commercial purposes. Pkt., 75 seeds, 5c; 1/2 oz., 10c; 1 oz., 15c; 1/4 lb., 45c.
SWEET PEA MIXTURES

MY "BEST FIFTY VARIETIES," MIXED

This is my choicest mixture of Sweet Peas and cannot be surpassed in richness of variety or color, or size and substance of bloom. I make it myself and include in it not only the fifty varieties described on page 11—a list of proved novelties and standard varieties, the very best in cultivation today—but also a large percentage of the popular new wavy Spencer and Unwin types, thus making it thoroughly up to date. From several years' experience and from innumerable complimentary expressions from my customers, I know that the variety and proportion of colors are highly satisfactory, and I offer this in full confidence that it cannot be excelled by any other sweet pea mixture on the market.

Pkt., 90 seeds, 4c.; oz., 10c.; 2 oz., 15c.; ¼ lb., 25c.; ½ lb., 45c.; 1 lb., 75c.

GIANT CALIFORNIA SWEET PEAS, MIXED

A very choice mixture of only large-flowering types, containing a large proportion of light colors with just enough dark for a contrast. It is the result of hybridizing by a Sweet Pea expert and contains many of the trial-ground novelties. Pkt., 75 seeds, 4c.; oz., 8c.; ¼ lb., 20c.; ½ lb., 35c.; 1 lb., 65c.

SWEET PEAS, GOOD MIXED

This seed is what I have left over from my choice named varieties. Every one knows that Sweet Pea seed retains its vitality for several years, so this is practically as good as fresh seed. Having quite a surplus I offer this splendid mixture at the low price of 5 cents an ounce. Oz., 5c.; ¼ lb., 15c.; ½ lb., 25c.; 1 lb., 40c.

BUSH SWEET PEAS, MIXED

These grow in bush form, 16 to 18 inches high, and when grown in a hedge need no support. They flower profusely, making a row of almost solid bloom. Pkt., 75 seeds, 5c.; oz., 10c.; ¼ lb., 25c.

DOUBLE SWEET PEAS, MIXED

Not a double flower in the true sense. Instead of one standard they have two or three, giving a ruffled and fluted effect very showy and beautiful. From 25 to 50 per cent. only come double. Pkt., 90 seeds, 5c.; oz., 10c.; ¼ lb., 25c.

Special Direction for growing Sweet Peas, Asters and Pansies given in my "Culture of Flowers," free with every order of 25 cents or more.

As the naming of Sweet Peas is not entirely uniform, if any variety not in my list is wanted include it in your order. I can doubtless supply it, or something very nearly the same, under some other name.

A "Brilliant Garden" for 25c

A GARDEN THAT WILL NOT FAIL.

1 oz. my Special Mixed "50 Varieties" Sweet Peas ............ regular price, 10c.
1¼ oz. my Special Mixed Tall Nasturtiums (p. 34) ........... " " " 10c.
1 Pkt. my Prize Mixed Asters, my best general Aster Mixture (p. 6) " " 5c.
1 Pkt. my Royal Challenge Pansies, equal to any high priced mixture (p. 7) ......... " " 10c.

Ask for this under the name of "Brilliant Garden Collection." Total 35c for 25c.

EVERLASTING SWEET PEAS

Splendid hardy perennial climbers, excellent for covering old stumps and fences; constant bloomers and fine for cutting.

Everlasting Sweet Pea, Pink Beauty. The Pink Beauty is a lovely new variety said to bloom the first year from seed. The trusses and individual flowers are larger than in the older varieties while the color is a much richer, more intense shade of pink. Pkt., 50 seeds, 5c.; ¼ oz., 15c.

Everlasting Sweet Peas, Mixed. White and rose shades. Pkt., 50 seeds, 5c.; ¼ oz., 10c.

DWARF CUPID SWEET PEAS

While the cupids do not in any sense take the place of the old standbys, they make a fine edging plant and in some parts of the country have proved very popular. Mixed, in all the Sweet Pea colors. Pkt., 75 seeds, 5c.; oz., 10c.

Ohio, Ill., Apr., '16. "My Everlasting Sweet Peas I bought from you are a sight to see, such big bunches and such lovely colors."

-Mrs. C. Dory.
JAPANESE AIR PLANTS

Beautiful fern-like plants used for vases, small jardinières or fern dishes.

NO CARE—NO SOIL—NO WATERING ALWAYS FRESH AND GREEN

They hold their color for months and may be kept anywhere—in heat or cold, light or dark, and gas does not injure. Price 25c. postpaid.

HARDY PERENNIALS

There is a great craze nowadays for old-fashioned, hardy perennials. Buy seed and start your own perennial garden at nominal cost. Any 10 pkts. from this list, your choice, 40c.; entire twenty-seven pkts. for 75c.

ALPHABETICAL LIST

ABRONIA UMBELLATA
The Sand Verbena, a beautiful trailing plant, with clusters of sweet-scented, rosy-lilac flowers, somewhat like the Verbena; especially fragrant towards evening. Pretty for beds, rockwork or hanging baskets. Pkt., 50 seeds, 4c.

ABRUS PRECATORIUS
The Prayer Bean, a vine hardy in the South, but elsewhere suitable only for the window garden. Seeds are bright scarlet and black, shiny and beautiful. Soak in warm water 2 days before using; 12 ft. Pkt., 10 seeds, 5c.

AMARANTHUS, Mixed
A mixture of the best varieties of these pretty decorative plants, including Brilliant, Joseph's Coat, Prince's Feather, Fountain Plant and others. Splendid where tall effects are desired. 3 to 4 feet. Pkt., 300 seeds, 3c; 2 pkts., 4c.

AGERATUM
"Imperial Dwarf Blue." A popular edging plant. It grows readily from seed, and is covered by a mass of blue, brushlike blooms from early summer till frost. This is the deepest blue, and makes nice compact plants. Tender perennial, 9 inches. Pkt., 400 seeds, 3c; 2 pkts., 5c; ¼ oz., 10c. Princess Victoria Louise. The prettiest dwarf variety. It grows in dense bushes about 6 inches high, bearing lovely sky-blue flowers, with white centers. Splendid for ribbon bedding and edgings. Pkt., 200 seeds, 4c; 1½ oz., 10c.

ARABIS ALPINA
A low hardy perennial covered with a sheet of pretty white flowers as soon as the snow is gone, 6 inches. Pkt., 400 seeds, 3c.

ACHILLEA, "The Pearl"
A popular perennial, bearing large clusters of pure white double flowers. It blossoms all summer and is invaluable for floral pieces or bouquets, and is grand for cemetery planting, as it is perfectly hardy and readily takes care of itself. 1½ feet. Pkt., 100 seeds, 7c.

ANCHUSA CAPENSIS
The Cape Forget-me-not. A hardy biennial, blooming the first ear, which bears large clusters of pretty, deep blue forget-me-not-like flowers. It thrives in shady, out-of-the-way places where nothing else will grow. Pkt., 75 seeds, 4c.

NEW HYBRID ABUTILON
Or Flowering Maple. A choice selection from newest hybrid varieties, in pure white, straw and yellow, to rose, crimson and scarlet shades, with beautiful veins and markings. They bloom soon from seed, and often give new and charming kinds. 3 feet. Mixed. Pkt., 30 seeds, 6c.
ACACIA
Beautiful half hardy shrubs having finely laciniated foliage, and long racemes of small yellow flowers. Used as a conservatory plant in the North. 6 to 10 feet. Mixed. Pkt., 5c.

ANEMONE CORONARIA
Or St. Brigid's Poppy. A hardy perennial producing large brilliant flowers, single, semi-double and double, in great diversity of colors, maroon, scarlet, pink, lilac and purple. They make a wonderful display in the garden in the late summer and fall. Pkt., 200 seeds, 5c.

ANTIGONON LEPTOPUS
"Mountain Rose." An elegant house or greenhouse climber. It bears in great profusion long clusters of gorgeous carmine flowers. Its discoverer says of it: "I am well acquainted with the contents of our gardens and the vegetation of most parts of the world, but in my opinion there is no more graceful or beautiful climber than Antigonon Leptopus." In the South it is hardly out of doors. Pkt., 12 seeds, 6c.

SWEET ALYSSUM
Alyssum Benthami. The common Sweet Alyssum. If desired for cutting, this is the best kind to grow. Pkt., 400 seeds, 3c; 2 pkts., 5c; ½ oz., 10c.
Alyssum, "Carpet of Snow." A new dwarf Alyssum, growing only 2 or 3 inches high, and flowering so profusely as to make a perfect carpet of white throughout the season. Best for pots and edgings. Pkt., 400 seeds, 5c.
Alyssum, Little Gem. Also a dwarf variety, splendid for cemetery planting or for edgings. The plants are more compact and the single florets larger and more closely crowded than in the common Alyssum, converting the plant into a mass of white. Pkt., 400 seeds, 4c; 2 pkts., 7c; ½ oz., 15c.

ASPARAGUS SPRENGERI
Nothing is handsomer for hanging baskets, bouquets, wreaths or other decorating. Its drooping feathery sprays grow from two to eight feet long, and multiply so rapidly as to give an abundance of green for cutting. Greenhouse perennial. Pkt., 10 seeds, 70c; 2 pkts., 12c.

ARCTOTIS GRANDIS
The African Lilac Daisy. A handsome annual, with soft whitish leaves, and myriads of showy daisy-like flowers, white or lilac, of easy culture, blooming from the season. 2½ feet. Pkt., 65 seeds, 5c.

ARISTOLOCHIA SIPHO
Or Dutchman’s Pipe. A rapid growing, hardy perennial climber, with large leaves which retain their intense green color from early spring to late fall. The peculiar, pipe-shaped flowers, which have given its common name, add to its interest. Pkt., 10 seeds, 6c.
BALSAMS, Prize Mixed
This is my special mixture, which I make myself from choice named varieties, including also prize strains of various growers, and you will find it unchallenged for beauty and variety of colors. It includes lovely shades of solid colors and the beautiful spotted, or camellia-flowered Balsams. Mixed. Pkt., 50 seeds, 5¢; 2 pkts., 8¢.

BALSAMS, Good Mixed
A choice mixture of double Balsams in many beautiful shades. Pkt., 50 seeds, 4¢; 2 pkts., 7¢.

COLLECTION OF BALSAMS
A select assortment of eight colors, put up in separate packets of about 15 seeds, each as follows: Lilac, Peach Blossom, Salmon Pink, Rose, Scarlet, Spotted, White, and Yellow. Price, 15¢.

WILD CUCUMBER
This well-known climber has so many favorable qualities—easy of cultivation, rapid growing, dense foliage, graceful blossoms, self-sowing—that we cannot do without it. Pkt., 20 seeds, 5¢; oz., 25¢.

BUTTERFLY FLOWERS
(SCHIZANTHUS)
Dwarf, large-flowering hybrid varieties of these charming orchid-like flowers, all delicately fringed and curiously marked with crimson, lilac, purple and yellow blotches. Pretty for decorating bouquets or massed in a bed. Sow some of the seed in August and bring the plants into the house. They will bloom all winter. 1 foot. Pkt., 200 seeds, 4¢.

CASTOR BEAN (Ricinus)
Cambodgensis Stem and leaf stalks are shining ebony, leaves large and richly colored, shading differently as the plant grows. 6 feet. Pkt., 15 seeds, 5¢; oz., 15¢.

Giant Zanzibar. Surpasses all other varieties in size and beauty of foliage; the gigantic leaves vary from light to dark green and coppery bronze with reddish ribs. 10 feet. Pkt., 15 seeds, 5¢;
Cactus

Many like to experiment with Cacti, and raising seedlings, says Bailey's Enc. of Hort., "is better than importing plants from their native habitat if one desires to get a fine collection." All Cacti are easy to grow, enduring the heat and dryness of the living-room better than other plants.
Mixed, from a splendid collection. Pkt., 50 seeds, 6c.

Begonia

Tuberous-Rooted

This charming class produces really phenomenal flowers, frequently from 4 to 6 inches across, with colors ranging from pure white and delicate tints of pink, yellow and orange to gorgeous scarlet and crimson shades. They bloom only in summer, and are fine for bedding, or for the window when most house plants are resting. Mixed double and single, Pkt., 300 seeds, 10c.

Prize Begonia. Saved from 100 of the newest and best varieties. The foliage is almost as beautiful as the flowers, in most being shaded bright red. They grow easily from seed, bloom early and continuously, and are the most brilliant plants for potting and bedding. Pkt., 300 seeds, 7c.

Begonia Vernon. Rich red flowers and bronzy red foliage. A splendid bedding sort. Used with Little Gem Alyssum for a border the effect is fine. Pkt., 300 seeds, 6c.

Begonia Special Mixed. The above three and other choice sorts mixed. Pkt., 300 seeds, 7c.

Columbine (Aquilegia)

No perennial bed is complete without the Columbine. I offer a very choice mixture, including the Chrysanth, a long-spurred yellow variety, Coerulea, the Colorado state flower, and many beautiful new hybrids. Some are very double, and others will have extra large flowers with extremely long spurs. Double and single mixed, 11/2 to 3 ft. Pkt., 200 seeds, 5c.
CALCIOLEARIA GRANDIFLORA

These are gorgeous plants for the greenhouse or window, remarkable for their orchid-like blossoms. They come into flower eight months after sowing, bearing hundreds of curious pocket-like flowers, spotted and blotched and margined in a most unique fashion, in such shades as yellow, maroon, crimson, white, etc. Greenhouse biennials. Pkt., 150 seeds, 7c.; 2 pks., 12c.

CLEMATIS

Clematis may be raised from seed, but it does not come up until it has lain in the ground over winter, hence it is more satisfactory to buy the plants. (See plant list, p. 53.)

Clematis, Jackmans's Hybrids. Immense blossoms, in shades of blue, white, purple, etc. Mixed pkt., 25 seeds, 8c.

Clematis, Paniculata. Beautiful dark green foliage covered with a mass of feathery white flowers. Pkt., 25 seeds, 6c.

COREOPSIS LANCEOLATA

A hardy perennial variety, bearing from early spring to late fall beautiful yellow flowers, like great golden buttercups. Pkt., 100 seeds, 5c.

Amana, la, Apr. "I have used your seeds 4 years. I want to thank you for your Culture of Flowers."—Miss Pauline Zehnercy.
N. English, Ia., Sept., '10. I have beautiful Cannas, Cosmos and Dahlias from your seed. Some of the latter are lovely striped and variegated."—Dr. M. Reta Coxe.

**BEAUTIFUL NEW CANNAS**

**Bronzen-Leaved Canna.** A mixture of dark or red-leaved varieties, splendid where foliage effect is desired. Pkt., 15 seeds, 5c.

**Novelty Canna.** A mixture of the Dwarf Crozy in striped, spotted or variegated red and yellow sorts, made up of such choice varieties as Queen Charlotte, Florenece Vaughan, Gloriosa, Niagara, etc. Pkt., 15 seeds, 5c.

**Red Canna.** A specially selected strain of the most desirable dwarf Crozy red sorts, bearing extra large flowers, rivaling the Gladiolus in size and brilliance. Pkt., 15 seeds, 5c.

**Canna, Prize Mixed.** This is a splendid strain of the new dwarf Crozy type, saved from a grand collection of the newest and best named varieties, and can be especially recommended for its large, gladiolus-like blooms, and beautiful colors. Cannas are easily raised from seed and bloom the first season. Pkt., 15 seeds, 5c; 1 oz., 25c.

**Giant Canna, Mixed.** A mixture of the tall-growing varieties, including both bronze and green-leaved sorts. Pkt., 15 seeds, 5c; oz., 25c.

**Canna Collection.** One packet each of the above five sorts, 20c.

**CANTERBURY BELLS**

Much attention is now paid to this stately, old-fashioned flower, and it is found as a prominent feature in all the early flower shows. Very easily grown from seed, blossoming the second season. Hardy biennial, 2½ feet.

**"Cup and Saucer" Canterbury Bell.** A curious and showy variety, resembling a cup and saucer, as shown in the cut. A single plant bears from 100 to 200 blossoms. White, blue and rose shades mixed. Pkt., 500 seeds, 5c.

**Canterbury Bell, double mixed.** Pkt., 500 seeds, 5c.

**Canterbury Bell, Pink Shades.** A splendid mixture of pink shades of the Cup and Saucer, single and double sorts. Pkt., 300 seeds, 5c.

**Canterbury Bell, single mixed, extra choice prize strain.** Pkt., 500 seeds, 4c.

**Canterbury Bell, Special Mixed.** My four varieties mixed. Pkt., 500 seeds, 5c; 2 pkts., 8c.

Waukon, Ia., Sept., '10. "From your seed I have 10 Abutilons, 24 Vinca and 32 plants from the Double Petuna. All have not bloomed, but so far there are 8 double ones."

—Mrs. F. J. Barnard.
CANDYTUFT (Iberis)

**Candytuft, Giant Hyacinth-Flowered.** Listed also as Rocket and Empress. Each plant has from four to nine branches, crowned with a bunch of magnificent white flower spikes, sometimes six inches long. Seed saved from a greatly improved strain. Pkt., 200 seeds, 5c; 2 pkts., 8c; ½ oz., 10c.

**Candytuft, Rose Cardinal.** and other beautiful crimson shades. Pkt., 100 seeds, 5c; 2 pkts., 8c.

**Candytuft, Mixed.** A mixture of giant white and colored varieties. Pkt., 150 seeds, 4c; 2 pkts., 8c; ½ oz., 15c.

**Perennial Candytuft, Iberis Gibraltrica.** A pretty hardy perennial, with whitish lilac flowers, blooming early and profusely. Pkt., 80 seeds, 5c.

---

**GIANT CENTAUREA OR SWEET SULTAN**

This is the Centaurea Imperialis, or Giant Sweet Sultan, a new strain of the beautiful Centaureas which you should not fail to try. They are of easy cultivation, and are equally beautiful for the garden or cut-flower use, and are really one of the most valuable additions to floriculture in recent years. The flowers are very sweet and have long, strong stems, which, with long keeping qualities, make them most invaluable for vase decoration. White, lilac, yellow and rose shades. 1½ feet. Mixed. Pkt., 75 seeds, 5c.

So, Wellington, Conn., Feb. 2. "I had very good luck with your seed. The Giant Sultanas were splendid for cutting and were admired by all." — Lou Woodworth.

---

**GIANT MARGUERITE CARNATION**

Beautiful varieties of Carnation may be raised from seed, equaling the greenhouse-grown blossoms in fullness and fragrance. They bloom in from three to four months from seed sown in the open ground, and if taken up in the fall, the plants will yield during the winter, an abundance of beautiful fragrant flowers. Fully 80 per cent come double. Hardy in all sections but the extreme north.

**Giant Marguerite Carnation, "Burbank Selection"** This comes from the Burbank experimental farms, and is the best strain of this style so far produced. The flowers are of unusual size and brilliant colors, very double and beautifully fringed, and include the new yellow, also innumerable shades of scarlet, crimson, pink, striped, flaked white and pure white. Pkt., 100 seeds, 10c; half pkt., 60 seeds, 6c.

**Collection Giant Marguerite Carnations.** Five varieties, namely, Pink, Red, Striped, White, Yellow. Five pkts., 25 seeds each, 20c.

**Chabaud's Everblooming Carnations.** A new strain of Hardy Carnations, developed by a French specialist, blooming almost as soon as the Marguerite and flowering indefinitely. Mixed, in choiceest colors. Pkt., 40 seeds, 8c.

---

**SPECIAL ROSE OFFER** 1 two-year Dorothy Perkins, 1 two-year Crimson Rambler. Price of each, 30c; the two post-paid, 50c. Orders for this offer must be in by May 1st.
CHRYSANTHEMUM

**Bridal Robe.** This is a hardy biennial, but it blooms the first summer if started early in the house. The foliage is lacy and fern-like, and in the blooming season the plant is covered for a long period with hundreds of double and semi-double graceful white flowers with fringy petals. If once tried it will always find a place in your garden, being splendid for home or church decoration. 1 to 2 ft. Pkt., 100 seeds, 5c.

**New Dwarf Double.** Very dwarf and compact plants, with blossoms so double and so profuse as to cover the entire plant with beautiful semi-balls of white or cream or gold. My seed includes three named varieties in mixture, namely, White Pearl, Primrose Queen and Golden Queen. Best annual chrysanthemum offered. 1 ft. Pkt., 100 seeds, 5c.

**Double Annual, Mixed.** Pure white, golden yellow or cream white in color. Some are densely double, others have small fringe-like petals. Very hardy, blooming untill latest frost. 2 ft. Mixed. Pkt. 200 seeds, 4c.

**Single Annual, Mixed.** Also called “Painted Ladies,” or “French Marguerites.” Beautiful daisy-like flowers in white, yellow or crimson, some being zoned in different shades of bronzy reds. This mixture includes a number of named varieties, such as Morning Star and Evening Star, two new yellow Marguerites. The Sultan, crimson maroon, Northern Star, a beautiful white with yellow center, and other choice sorts. Pkt., 200 seeds, 5c.

**Japanese.** Saved from an extra choice collection of the house Chrysanthemum. Beautiful new and often valuable varieties are obtained from seed. Pkt., 100 seeds, 8c.

---

GRANDIFLORA CINERARIA

A beautiful greenhouse plant, very easily raised from seed, affording a mass of gorgeous blooms in the late winter and spring. My mixture is grown from two extra choice prize exhibition strains and from new varieties of the large-flowering dwarf and grandiflora sorts, whose large blossoms cover the plants with most brilliant hues in crimson, magenta, violet, purple or variegated shades. Mixed. Pkt., 100 seeds, 10c. Half packet, Cineraria Grandiflora. 50 seeds, 6c.

---

COLEUS

These ornamental foliage plants with their rich colorings may be easily and cheaply obtained from seed. They grow rapidly and attain perfection the first summer.

**Mammoth Rainbow.** Leaves are very large, heart-shaped and handsome, crinkled and include the many combinations of the most highly colored Coluea. Pkt., 150 seeds, 5c.; 2 pkts., 8c.

**New French Coleus.** A fine mixture of French hybrids, sure to give only choice varieties. Pkt., 150 seeds, 5c.; 2 pkts., 8c.

**Ruffled Giant Coleus.** Exceptionally large leaves, curiously curled and fringed and of richest and most diverse colors. The best obtainable. Mixed. Pkt., 150 seeds, 8c.

**Red-Leaved Coleus.** Pkt., 100 seeds, 10c.

**Coleus, Special Mixed.** The above four varieties mixed. Pkt., 150 seeds, 8c.

COSMOS

CALIFORNIA GIANT COSMOS

For fall blooming Cosmos has no superior. The large, bushy plants, 3 to 6 feet high, are completely covered in the late fall with hundreds of beautiful ray flowers, pink, white or red. Both flowers and foliage are unsurpassed for decoration. This is an improved strain grown for me by a California specialist and will produce largest flowers and choicest colors. Not adapted to the extreme north. 5 feet.

Giant Crimson Cosmos. Pkt., 50 seeds, 5c.
Giant Pink Cosmos. Pkt., 50 seeds, 5c.
Giant White Cosmos. Pkt., 50 seeds, 5c.
California Giant Cosmos, Mixed. Pkt., 50 seeds, 4c; 2 pkts., 7c.

EARLY FLOWERING COSMOS

There is nothing handsomer than the Cosmos, but its late flowering has prevented its universal cultivation. Growers have been experimenting, however, and now the offerings of early-flowering varieties rival their fall sisters. I call especial attention to my new, specially early strain of Minnesota grown seed, which all flower lovers will especially welcome. Suitable for all sections.

Early Minnesota Cosmos. A valuable new strain of Minnesota-grown seed. The plants grow 3 to 4 feet high and come into flower from two weeks to a month earlier than any other sort. The flowers, which come in pink or white, are large and beautifully formed, and are borne in greatest profusion from early July until killed by frosts. Constant cutting makes no difference in the decorative effect of the row. Pkt., 50 seeds, 10c.
Early Dawn Cosmos. Flowers pure white, with a tinge of rose at the center. Plants begin to bloom about August 1. Pkt., 50 seeds, 5c.
Early Flowering Cosmos. Good mixed; pkt., 50 seeds, 5c.

LADY LENOX

THE NEW GIGANTIC COSMOS

This new Cosmos is of gigantic size and beauty, and has won universal praise and awards at the leading flower shows of the country. The flower is 5 to 6 inches in diameter, in color a delightful shell-pink, lighting up beautifully at night, and it lasts an unusually long time when cut. Without doubt the finest of the late flowering class. 6 feet. Pkt., 25 seeds, 5c.

COSMOS SPECIAL MIXED

This mixture includes all the kinds described on this page, and other fancy varieties. Pkt., 60 seeds, 5c; 2 pkts., 8c.
DATURA, OR TRUMPET FLOWER
A bushy plant, bearing immense funnel-shaped blossoms, delicately scented, there being as many as 250 blossoms on a single plant in a season. Deliciously Fragrant. Double and single mixed.
2 feet. Pkt., 40 seeds, 4c.

DIAMOND FLOWERS
One often wants some delicate, low-growing flower to fill mused spaces. This dainty little annual, growing only two or three inches high, with small white or violet-blue blossoms answers this purpose well. Or it is pretty to mass in a bed or to sow in pots where larger plants are growing, where it will soon make a pretty mat of flowers. Pkt., 6c.

DUSTY MILLER
Valuable foliage plants, used to mass with dark-leaved plants, or for edging of beds. A fine mixture of Centaurea Gymnocarpa and Chervaria Maritima. Some are hardy perennials. 1 foot. Pkt., 300 seeds, 4c; 2 pkts., 8c.

"MY CULTURE OF FLOWERS"
A booklet of Valuable Instruction free if asked for with an order of 25c or over.

COCKSCOMB
Ostrich Feather, or Thompsoni Magnifica. A new and superb strain of feathered Cockscob. With its graceful feathery plumes of brilliant crimson and other magnificent shades of red and gold it makes a great show for the garden, and it is seen in nearly all parks. A splendid late flower lasting until most others are gone. Mixed. 2 to 3 feet. Pkt., 200 seeds, 5c.

Dwarf Hybrid Cockscob, Mixed. With their immense combs, these are very showy for massing in a bed. This mixture contains the choicest named sorts, including Empress, Glasgow Prize, Queen of Dwarfs and other hybrid varieties, with crimson pink and striped combs. Attractive for pots. Pkt., 200 seeds, 6c; 2 pkts., 10c.

Cockscob, Special Mixed. The above two and other choice sorts mixed. Pkt., 200 seeds, 5c; 2 pkts., 8c.

COIX LACHRYMAE (Job’s Tears)
Plants something like maize, with broad, corn-like leaves, bearing hard shiny seeds, used for ornamental purposes, in raffia work, portieres, etc.; they also make nice chains for teething babies to wear. Worn as a necklace, said to be a remedy for sore throat and gout. Pkt., 5c.; oz., 10c.

CYCLAMEN GIGANTEUM
Charming window plants, with ornamental foliage and richly-colored orchid-like flowers in pink, white and crimson shades. They are easy to raise from seed, scarcely a seed falling to germinate, and their culture is interesting and much more economical than from bulbs. The Giant variety produces lovely large flowers standing well above the foliage. I have taken pains to procure seed from several expert growers to make sure of offering a splendid strain, with a large number of varieties. Pkt., 20 seeds, 12c; ½ pkt., 10 seeds, 6c.

St. Johnsburg, N.Y., '10. "Our Vegetables were fine, and Sweet Peas and Asters very beautiful. So many wanted your address."—Mrs. C. D. Benedict.
SHASTA DAISY

One of Luther Burbank's many important contributions to the floral world. It is perennial and absolutely hardy, and blooms the first year from seed. The flowers are white, with yellow center, extremely large and graceful, freely produced on long, stiff stems, splendid for cutting. 2 feet.

Shasta Daisy, Alaska. The best and largest variety, with flowers often 5 inches across, of purest white and with graceful, broad, overlapping petals, and borne on long, strong stems. Pkt., 50 seeds, 6c.

Shasta Daisy, Hybrids. A general mixture containing the original Shasta, and other choice hybrid varieties. Some are pure white, others have a creamy tinge, with petals variously curled and fringed, all beautiful types. Pkt., 75 seeds, 5c.

BLUE DAISY, (Agathe Coelestis)

The plant grows about eighteen inches high, is much branched and literally covered with blossoms of a beautiful blue, a counterpart in size and shape of the Marguerite Daisy grown by florists. It is a greenhouse perennial and may be used for the garden in summer or the window in winter. Pkt., 75 seeds, 5c.

YELLOW MARGUERITE DAISY (Anthemis Tinctoria)

A hardy perennial, bearing all summer daisy-like, golden yellow blossoms, excellent for cutting. 20 to 30 inches. Pkt., 6c.

ENGLISH DASIES

Giant Double Daisy, Mixed. No flower has more often been the theme of the poet than the dainty English Daisy; my mixture contains the Bride, Snowball and Longfellow varieties, and will give extra large and very double flowers. With protection the plants live over winter, and their blossoms are the first to greet one in the spring. Mixed. Pkt., 200 seeds, 5c.

Longfellow Daisy. The "wee modest, crimson-tipped flower," remarkable for the size and doubleness of its dainty rosy blossoms. Very pretty to mass with its companion in white. Pkt., 150 seeds, 5c.

Snowball Daisy. Although perennial, the English Daisies bloom the first year from spring-sown seed. The Snowball is an extra large, very double, pure white daisy. Pkt., 150 seeds, 5c.

THE NEW AFRICAN ORANGE DAISY

(Dimorphotheca Aurantiaca)

A rare and showy annual lately introduced from Africa. The plants are low growing and are covered with orange-colored, Marguerite-like flowers—a color quite unique, being such an extremely deep, glossy orange. Seed may be sown as you would Aster or Petunia, and in as sunny a location as possible. Plants begin to flower early and continue the entire summer. 12 inches. Pkt., 6c.
EVERLASTINGS

Everlasting flowers, when wanted for winter bouquets, should be picked before fully open, and hung head downward to dry.

**Acroclinium Roseum.** One of the most beautiful Everlastings. Flowers double, a delicate rose pink with golden center. Pkt., 75 seeds, 4c.

**Ammobium Alatum.** Flowers white and very double. Being smaller than other Everlastings, they give variety to the winter bouquet. The buds, too, are pretty and should be gathered freely. Pkt., 150 seeds, 3c.

**Edelweiss.** The beautiful Alpine flower of which so much is written in song and story. This is a hardy perennial with woolly white flowers suitable for rockwork or rocky hillsides. Pkt., 300 seeds, 5c.

**Helichrysum Monstrosum.** Straw Flower. The blossoms are large and extra double in many shades of yellow and scarlet, about as showy as asters. Mixed. Pkt., 150 seeds, 4c.

**Rhodanthe.** Flowers are deep blood red, rose and yellow shades, with dark eyes. Mixed. Pkt., 150 seeds, 5c.

**Xerantheum.** Beautiful violet and rose-colored flowers. Both buds and flowers are handsome to save. Pkt., 200 seeds, 5c.

**Mixed Everlastings.** A mixture of the above seven named varieties, affording a splendid assortment. Large pkt., 5c.

**Collection of Everlastings.** One-half pkt. each of my seven varieties, 12c.

Townline, N. Y., Mar., '10. "The year I had flower seeds from you I had a lovely garden. A packet of Everlastings, of which nearly every seed came up, gave especial pleasure, and the Dusty Millers made a border around a large bed and looked beautiful with a fringe of Lobelia, and Canna for the background. I had lots of flowers to give away."—Mrs. J. L. Webster.

DAHLIA

Dahlias are as easily raised from seed as sunflowers, and one often gets unique and beautiful sorts in this way. They bloom the first year, beginning in mid-summer and continue until frost.

**Double Dahlias.** Best Mixed. A splendid strain saved from the best and latest varieties. Pkt., 25 seeds, 5c; 2 pkts., 8c.

**Double Cactus Dahlias.** A favorite new type. The flowers are just as double but are less regular and formal, which gives an added grace and charm. Mixed. Pkt., 25 seeds, 6c.

**Single Prize Dahlias.** A wonderfully beautiful strain of the popular single Dahlia, including the much advertised Century Dahlia. The flowers come in all the Dahlia colors and are truly giant in size. Single Dahlias are more highly prized for decorating than the double. Mixed. Pkt., 40 seeds, 5c.

Bloomington, Ind., '10. "The seeds bought of you did very well. My Moon-flowers, Dahlias, Mourning Bride were beauties, also my Lady Lenox Cosmos."—Rose Siler.

Bertha, Minn., 1910. "I raised a nice lot of Cactus Dahlia from your Dahlia seed I got last year."

—Mrs. Joe Lind.
FEVERFEW

Feverfew, Snowball. Charming little plants about eight inches high, oval in shape; very desirable for bedding or for edging. During the long blooming season they are densely covered with clusters of pure white, double flowers. Pkt., 300 seeds, 4c.

Feverfew, Golden Ball. Another dwarf variety, bearing beautiful golden, ball-like flowers. A combination of the white and golden makes a lovely show, either in mass or as edging. Both are hardy perennials, blooming the first season. Pkt., 300 seeds, 5c.

Feverfew, Golden Feather. Parthenifolium Aureum. Low growing plants with golden variegated foliage, used for edgings. Pkt., 500 seeds, 3c.; 2 pkts., 5c.; 1/2 oz., 10c.

Solitude, Ky., Nov., '10. I had beautiful flowers from your seed. Pansies were a joy. Nasturtiums, Balsams and Asters were also fine.”—Lula Thomas.

FORGET-ME-NOT

To let you try some of the choicest varieties I make a mixed packet containing the six most desirable sorts: Alpensiris, the Alpine Forget-me-not; Dissitiflora, large blue, very early; Ellisae Fonrobert, large, distinct type; Indigo, an intense dark blue; Palustris, the true Forget-me-not, bright blue with yellow center; Sylvatica, a splendid sort for spring bedding; Victoria, dwarf, very floriferous. These different sorts are in varying shades of blue, and will furnish both early and late bloomers, thus giving the longest possible flowering season, and many will bloom the first year. 6 inches. Pkt., 250 seeds, 5c.; 2 pkts., 8c.

ESCHSCHOLTZIA, or California Poppy

Eschscholtzia, Burbank's. New Crimson. Lovely clear rosy-crimson flowers the most beautiful of the new crimson-flowered type. 1 foot. Pkt., 200 seeds, 5c.

Bush Eschscholtzia. The plant makes a low shrubby bush, with flowers like the ordinary Eschscholtzia in color and form but daintily crinkled and extra large, on long stiff stems. The most beautiful thing in yellow for cut flowers. Pkt., 100 seeds, 5c.

Eschscholtzia, "Golden West." The California state flower, dotting her meadows and making them gay with brilliant yellow. This strain bears extra large flowers, three inches or more in diameter. Pkt., 250 seeds, 5c.

Eschscholtzia, Mixed. The above varieties and other shades of yellow, white and rose. Mixed. Pkt., 200 seeds, 4c.
EUPHORBIA

Euphorbia Heterophylla. Also called the Mexican Fire Plant, Annual Poinsetta or Painted Leaf. The plant grows 2 to 3 feet high, branching into a shapely bush. The leaves at first are a glossy green, but about mid-summer they begin to turn at the tips of the branches to a striking orange scarlet, resembling the beautiful hothouse Poinsetta. Pkt., 30 seeds, 6c.

Euphorbia Variegata. (Snow on the Mountain). This grows much like the above, only the foliage is veined and margined with white, and in the garden the bushes have the appearance of being a mass of beautiful white flowers. If people only knew how attractive this is, it would be in every garden. Pkt., 50 seeds, 4c.

SWEET FERN

A graceful plant of the Artemisia family, growing 3 to 5 feet tall, with finely cut foliage and tiny greenish flowers, prized for its aromatic qualities. A few sprays afford a beautiful garnish for a bouquet, or placed in the handkerchief box impart a delicate perfume. Hardy annual. Pkt., 200 seeds, 4c.

FREESIA

These beautiful plants, though generally grown from the bulbs, may be easily raised from seed and made to bloom within a year. The flowers are delicately fragrant, cut well and are adapted to design work. White and mixed colors. Pkt., 50 seeds, 5c.

FOUR O'CLOCKS

Four O'Clocks should be grown for the children if for no other purpose, from which they may pick freely, they so enjoy the bright colors and sweet odor. In a large garden they can be used effectively to border walks, or as a background for lower-growing plants. A special mixed collection from named varieties. 2 to 3 feet. Pkt., 25 seeds, 4c; 2 pkts., 7c.

FUCHSIA

Fuchsias are not difficult to raise from seed if given a warm temperature. The seed may be sown at any time; the plants coming into flower in three or four months. The seedlings make robust plants and often give charming new varieties. The strain I offer has been carefully saved from the choicest varieties, both single and double. Pkt., 20 seeds, 16c.

New Haven, Conn., Mar. 12. "Enclosed find my 1910 order. My wife says, 'Be sure and get the same Sweet Peas as last year.' They were beautiful."—Frank C. Sheldon.

THREE CHOICE CLEMATIS PLANTS

Postpaid for 35c

Henryii (white), Jackmanii (purplish blue), Mad Andre (red).
Leavenworth, Kan., Mar. "The Nasturtiums from your seed were lovely and the California Geranium seed came fine."—Alice Cheatwood.

GLADIOLUS

It is interesting to raise Gladiolus from seed and see the endless variety of colors and fantastic markings that come from the seedlings, scarcely any two being alike. One often gets new and important varieties from seed. This is a specially prepared mixture grown from three well-known strains, Childsii, Gandavensis and Lemoine 3 feet. Mixed. Pkt., 75 seeds, 5c.

GAILLARDIA (Blanket Flower)

Showy annuals and perennials, bearing large daisy-like blossoms in brilliant shades of yellow, orange and scarlet. The petals are zoned in varying brilliant colors and fringed, making especially handsome flowers for cutting. Very profuse bloomers, continuing in flower from early summer till November.

Gallardia, Annual Varieties, Mixed. A splendid assortment of both double and single sorts. Pkt., 100 seeds, 4c.

Gallardia, Perennial Varieties, Mixed. Saved from all the newest and best grandiflora varieties. Perfectly hardy and should be found in every garden. Pkt., 100 seeds, 5c.

GILIA

The Gilia grows about a foot high, has dainty flowers in rose, blue or white, and graceful, finely cut foliage, serving nicely for a decoration of green. A good honey plant. Pkt., 400 seeds, 3c.

For Gladiolus Bulbs see pages 47-50

GERANIUM

New California Geranium. Seedling Geraniums almost always give some new varieties, and being easy to cultivate they are an interesting plant to grow from seed. This mixture contains a splendid new strain of California Zonal varieties in shades of blush, pink, crimson, scarlet, the lovely Lady Washington Geranium, or Pelargonium, and Apple-Scented Geraniums, and will be found unsurpassed in vitality and variety. Pkt., 40 seeds, 10c.; half pkt., containing the same varieties, except Apple-Scented, 20 seeds, 5c.

Apple-Scented Geranium. Prized for its fragrant leaves. The finest plants come only from seed. Pkt., 30 seeds, 6c.

Lady Washington Geranium. Pkt., 10 seeds, 12c.

GAURA LINDHEIMERI

A graceful perennial, bearing numerous spikes of rosy-white flowers from July until frost. It is constantly seen in European gardens, but is not so well known here. Hardy except in extreme north. 3 feet. Pkt., 50 seeds, 5c.

GODETIA, the "Satin Flower"

Little annuals of easiest culture. The blossoms have a satiny lustre and range in color from brilliant reds, through rose to delicate pink and lavender. Deserving of general cultivation. 8 inches. Mixed. Pkt., 300 seeds, 4c.
GREVILLA OR "SILK OAK"

A valuable decorative plant for the winter window garden, germinating readily from seed and making in two or three months' time a very ornamental little plant. The laciniate foliage gives it somewhat the appearance of a fern, but it is much harder and more useful as a decorative plant. 2 feet. Pkt., 35 seeds, 5c.

Homer, Mich., Mar., '10. "My flowers were very nice last summer. Asters were fine, Cineraria were beautiful and some are in full bloom for Easter."—Mrs. Geo. O. Ackley.

GOURDS

If you have an odd corner or an old brush heap, trailing gourd vine over it. Its fruit has many uses, but if for no other purpose raise it for the little ones. They much enjoy the striped and odd-shaped fruits. This is a splendid mixture, including Apple, Pear, Serpent, Bottle, Dripper, Dishecloth, Jonah's Gourd, Hercules Club, Japanese Nest Egg, Orange, Pomegranate and many other sorts. Pkt., 50 seeds, 5c.; large pkt., 1/2 oz., 10c.

HELENIUM AND HELIOPSIS

Yellow flowers are always popular. These two, the former called Sneezewort and the latter Orange Sunflower, are hardy perennials, bearing through the season their deep golden flowers, excellent for cutting or for the border. 3 to 4 feet. Helienium and Heliopsis Mixed. Pkt., 5c.

HARDY HIBISCUS (Perennial Mallow)

These splendid perennials have been much advertised of late, and are becoming deservedly popular. They are very hardy and often bloom the first year, bearing large hollyhock-shaped blossoms. My seed is a mixture of three choice varieties, namely: "Crimson Eye" large white blossoms with a bright crimson center; "Sunset" canary yellow with garnet throat; and "Royal Pink" soft delicate pink, with throat of deep crimson, 4 ft. Pkt., 50 seeds, 5c.
ORNAMENTAL GRASSES
For ornamenting the border, for summer cutting, and for the winter bouquet, these are indispensable. This mixture includes beautiful feather and striped grasses and many other choice varieties, some annual, others perennial. Large pkt., 5c.

HYACINTH BEAN (Dolichos)
Rapid climbers; ornamental in both foliage and flower.

"Princess Helen" or Daylight. Bears long spikes of showy white blossoms, followed by waxy white pods. Pkt., 10 seeds, 5c.
Dwarf Daylight, or New Bush Dolichos. Grows in compact bushes about a foot high, surmounted by enormous spikes of pure white flowers, standing 10 to 15 inches above the foliage and followed by creamy white pods. Pkt., 10 seeds, 5c.

Purple Bean, or "Darkness." This has especially dark, rich purple blossoms and glossy purple pods, fully as showy as the flowers. Pkt., 15 seeds, 5c.

Hyacinth Bean. Mixed. The above three varieties mixed. Pkt., 20 seeds, 5c.

-30-

Lidstone, Can., Mar., '10. "I have recommended your seeds to my neighbors, mine were so satisfactory. I never had nicer Daisies."—Mrs. Jamison.

LEMOINE'S GIANT HELIOTROPE
A magnificent new strain of imported varieties, producing immense heads, 10 to 15 inches across, with thousands of individual florets, including the new Queen Marguerite, with large dark blue umbels, the largest and finest of all. Pkt., 100 seeds, 5c.; 2 pks., 8c.

Garden Heliotrope. Valeriana Officinalis. Hardy perennial. Large heads of sweetly scented, delicate flowers in white and red. 2 feet. Pkt., 100 seeds, 5c.

HOLLYHOCK

English Prize Hollyhock. Constant experimenting by hybridization and selection has secured flowers of extreme size and fullness, unsurpassed in beauty and variety of colors. Many are rosette-shaped and all will please the most fastidious. Mixed. Pkt., 60 seeds, 6c; ¼ oz., 30c.

Double Hollyhock, Plk. Delicate rose. Pkt., 50 seeds, 5c.

Double Hollyhock, White. Snow white. Pkt., 50 seeds, 5c.

New Annual Hollyhocks. A handsome new strain that blooms from seed the first year. Especially valuable for their unusually long blooming period. Plants started in March or April will bloom in August. Mixed. Pkt., 50 seeds, 5c.; ¼ oz., 25c.

Single Hollyhock. Splendid mixed. Pkt., 50 seeds, 4c; ¼ oz., 15c.
HONESTY, or Satin Flower

A new variegated-leaved variety of this hardy biennial. It blooms early, bearing purple or white flowers, but is most prized for its curious seed pods. These are beautiful, transparent, silvery-white disks, and are used for the winter bouquet, or other house decoration. 2 feet. Mixed. Pkt., 25 seeds, 5¢.

JAPANESE HOP

For a rapid growing vine, nothing is better than the Japan Hop. The foliage is luxuriant, the leaves being smaller and more delicate than those of the common hop, and curiously marked with silvery and yellowish-white streaks. Hardy perennial. Pkt., 40 seeds, 5¢.

JAPANESE IRIS

The beauty of the Iris family is well known, the blooms rivaling the lily in stateliness and the orchids in rich color. I offer a particularly fine strain of newest Japanese varieties. Hardy perennial. Mixed. Pkt., 25 seeds, 5¢.

JAPANESE KUDZU VINE

A fast-growing, hardy climber. The first season it grows ten feet, and after becoming established it often makes a growth of fifty feet in a season. The flowers are rosy-purple and pea-shaped. For vigorous growth and fine shade it is unsurpassed. Pkt., 20 seeds, 5¢.

JAPANESE MAIZE

A highly decorative ornamental corn. In some the leaves are variegated like those of the striped grass, while in others they are striped with pink and other rainbow colors. Pretty for the center of a tropical bed, or as a screen against the fence, or as a background in a border. Pkt., 30 seeds, 4¢.

LANTANA

An ornamental plant suitable for the open bed in summer, and always a favorite for the winter window garden. It blossoms in verbena-like clusters in orange, white or pink shades. I offer a strain of improved varieties. 2 to 3 feet. Pkt., 40 seeds, 5¢.

LAVATERA (Annual Mallow)

A beautiful and showy annual, about two feet high and covered the entire summer with cup-shaped flowers in shrimp pink or pure white. Splendid for cutting. Mixed. Pkt., 75 seeds, 5¢.

KENILWORTH IVY

Nothing is much prettier for the hanging basket. It comes quickly from seed, is very hardy, and grows under severest neglect. Pkt., 300 seeds, 4¢.

IMPATIENS SULTANI

Or the Zanzibar Balsam, much prized for the window or summer garden. The foliage is a waxy green, and with the semi-transparent branches makes the plant in itself attractive. Then, it is almost never without its bright, rosy flowers. These are single, and measure from 1 to 1½ inches in diameter and are very delicate and pretty. No plant comes nearer to being a perpetual bloomer. New hybrids mixed. Pkt., 50 seeds, 5¢.

ICE PLANT

A trailing plant, with curious foliage, covered with glossy globules, looking like minute drops of dew. Pkt., 300 seeds, 3¢.

East Orange, N. J., Feb., '10. "A friend had some flowers which I admired very much, namely, Shirley Poppy, Geranium, and Impatients, and I found he had the seeds from you. I shall be pleased to receive your catalog."

Geo. W. Moore.
KOCHIA TRICOPHYLLA or Burning Bush
This is variously called Standing, or Summer Cypress, Fireball or Fire Plant. A more beautiful decorative plant has not been introduced in years. It grows quickly, forming neat, compact, perfectly oval bushes, 2 to 4 feet high. Annual. Pkt., 5c.

LARKSPUR, Delphinium
Imperial Larkspur. My special mixture of double annual stock-flowered Larkspur. A very choice, improved strain, made up from imported named varieties. If you have not seen Larkspurs for a few years these will surprise you. 2 feet. Pkt., 100 seeds, 4c.
Perennial Larkspur. Included in this mixture are the latest Chinese and French hybrids. Formosum, or Bee Larkspur, Cardinal, and a splendid strain of Burbank's Delphiniums. Mixed. Pkt. 150 seeds, 6c.
Larkspur Collection. A special imported collection of annual Larkspurs, 8 kinds separate, 25 seeds each, 15c.

LACE VINE
Adunia Cirrhosa, or Mountain Fringe, a beautiful climber with lace-like foliage much used for decorating. It does not climb until the second year, but yields the first season an abundance of beautiful green sprays, fine for decorating. Pkt., 300 seeds, 5c.

LINUM (Flax)
Linum Rubrum. (Crimson Flax). The foliage is delicate and the bright, scarlet flowers are very pretty. 1 foot. Pkt., 100 seeds, 3c.

LOBELIA
Much used for edgings; effective also for the hanging basket, rockery or porch box.
Lobelia, Barnard's Perpetual. Large deep ultramarine blue, with white eye. Pkt., 500 seeds, 5c.
Lobelia, Cardinals. The gorgeous Cardinal flower, a hardy perennial, bearing long spikes of intensely scarlet flowers. Pkt., 300 seeds, 5c.
Lobelia, Crystal Palace. The standard blue variety for edgings and vases. Pkt., 600 seeds, 4c.

ELDORADO MARIGOLD
The Eldorado grows very rank and tall and is surmounted by great golden balls, sometimes fourteen inches in circumference. The flowers are double, with petals quilled as in the Dahlia, appearing in shades of lemon and orange yellow. 2 feet. Pkt., 100 seeds, 5c; 2 pks., 8c.

FRENCH MARIGOLD
Dwarf French. Nice compact, ornamental plants. 1 foot high. Six best named varieties mixed. Pkt., 150 seeds, 4c.

LYCHNIS GRANDIFLORA
Every list of desirable perennials contains the Lychnias. It blooms the first year, and if kept from self-seeding will be covered for months with brilliant flowers in gorgeous scarlet and other beautiful shades. New hybrid varieties mixed. 1½ feet. Pkt., 300 seeds, 5c.
MOURNING BRIDE (Scabiosa)

A splendid mixture of the tall, large flowering sorts, including Black Prince, a rich black maroon, Flory Scarlet Snowball, pure white and very double, and all other desirable colors. Valuable for cutting. Mixed. Pkt., 60 seeds, 5c.

Collection of Six Varieties. I offer for exhibition purposes an imported collection of the six choicest sorts, 6 packets, 30 seeds each, 15c.

MIMULUS, or "Monkey Flower"

Mimulus. Queen's Prize. Showy profuse-flowering plants, bearing bell-shaped blossoms with white and yellow grounds, spotted with pink or scarlet shades. Fine for greenhouse or moist, shady positions. The Queen's Prize is an exceedingly fine strain, with extra large blossoms and beautiful colors and markings. Pkt., 500 seeds, 5c.

Mimulus Moschatus, or Musk Plant. Small, yellow flowers, fragrant foliage. Pretty for hanging baskets. Pkt., 500 seeds, 5c.

LAVENDER (Lavandula Spica)

The old-fashioned, sweet scented Lavender of our grandmothers' gardens, bearing long spikes of blue flowers. 1 foot. Pkt., 250 seeds, 5c.

MALVA MOSCHATA, or Musk Mallow

The craze for perennials has brought various varieties of Mallow to the front, and this one is well worth cultivating. The blossoms are pink or white, an inch or more in diameter, and are borne in great profusion the entire season. Hardy perennial, often blooming the first year. 1 1/2 feet. Pkt., 5c.
**My Special Mixture of Tall Nasturtiums**

For richness and variety of color this mixture cannot be excelled. I make it myself and include all the tall varieties named on this page and many other choice kinds, using in all 30 distinct named varieties of the most desirable sorts. It will give rich colors in maroon, crimson, scarlet and claret shades, besides many mottled sorts. Mixed. Pkt., 35 seeds, 5c.; ½ oz., 10c.; oz., 15c.; 2 oz., 25c.; ½ lb., 45c.

**My Special Mixture of Dwarf Nasturtiums**

This is also especially prepared by myself from named varieties, including all the dwarf sorts described on this page (except Lilliput), and will give a splendid variety of colors, as rich and varied as any other mixture offered. Over 25 varieties in this mixture. Pkt., 35 seeds, 5c.; ½ oz., 10c.; oz., 15c.; 2 oz., 25c.; ½ lb., 45c.

Comanche, Okla., 1910. "I had a bed of dwarf Nasturtiums grown from your seed last year. They were the prettiest I ever saw."—Mrs. F. G. Parker.
PAEONY

One of the most satisfactory perennials. The seed is slow in germinating, and the plants do not bloom until the second or third year, but once established they pay for the long waiting, and one often gets new and valuable varieties from the seedlings. Fresh seed sown in the fall will come up the following spring. Mixed. Pkt., 15 seeds, 5c.

NICOTIANA

**Nicotiana Affinis.** The Sweet-scented Nicotine, or Tobacco Plant. It will bear continuously an abundance of large pure white flowers of delicious fragrance. 2 to 3 ft. Pkt., 500 seeds, 5c.

**Nicotiana Sanderae Hybrids.** Small, graceful flowers, in many shades of crimson, purple, carmine, pink or mauve. 2 to 3 ft. Mixed. Pkt., 200 seeds, 5c.

**Nicotiana, Mixed.** A mixture of the above two sorts and two other popular varieties, viz.: *Sylvestris*, plants not so straggling and tubers of the blossoms much longer; *Colossea*, new and gigantic in size, magnificent as a foliage plant 2 to 3 feet. Mixed. Pkt., 500 seeds, 5c.

NOLANA

The Nolanas are charming little trailing plants, unsurpassed for pots, rock-work or hanging baskets. The word Nolana means a little bell which describes the shape of the beautiful sky-blue flowers. Pkt., 100 seeds, 4c.

For Pansies, see pp. 7, 8 and 9

ORNAMENTAL PEPPERS, Mixed

The cultivation of small-fruited peppers for the window or ornamental garden is exciting much attention, and there are many new and odd sorts which are interesting to grow besides being of use for seasoning, etc. This mixture contains the popular Christmas Pepper; Elephant’s Trunk; Tom Thumb; Little Gem; Prince of Wales; Japanese Fairy, heart-shaped; Kaleidoscope, plump-shaped, white turning to red; Cherry Red and Cherry Yellow, with cherry-like fruits; and red Chili, small scarlet, used for “pepper sauce.” Mixed. Pkt., 75 seeds, 5c.

OENOTHERA, Evening Primrose

There are many beautiful varieties of these hardy annuals and perennials. I have what I consider the best four, and offer them in a mixture viz.: Aucalis, silvery white flowers; Drummond, mixed colors; Lamarciana, enormous yellow flowers, very showy and hard; Rosea, the Mexican primrose, with large pink blossoms. 1 to 2 ft. Mixed. Pkt., 300 seeds, 5c.

OXALIS

This is a mixture of three annual varieties: Rosea, beautiful rose-colored flowers, excellent for hanging baskets; Tropaeoloides, dark brown foliage with yellow flowers fine for edgings; Valdiviana, deep yellow, with reddish streaks. Mixed. 4 inches. Pkt., 175 seeds, 5c.
One of my Single Giants of California Petunias

PETUNIAS

Giants of California, Single Mixed. This mixture will give as handsome Petunias as any on the market. Some will measure four or five inches across, the corollas being ruffled, fluted or fringed, with extremely deep and large open throats. They appear in many shades and combinations, striped, blotched or solid in color. The seed is raised by experts who have won a wide reputation for their beautiful productions. Splendid mixed. Pkt., 150 seeds, 7c.; 2 pkts., 12c.

Petunia, Blotched and Striped. Beautifully striped and mottled, including Howard's Star, the handsomest starred variety. Pkt., 400 seeds, 5c.

Petunia, Lilliput, Mixed. "Dwarf Inimitable." Compact plants covered throughout the season with richly self-colored, starred and mottled flowers; best for bedding. Pkt., 400 seeds, 5c.; 2 pkts., 7c.; 1/2 oz., 25c.

Petunia, Rosy Morn. Splendid for bedding or potting. The little plant is covered with myriads of delicate pink flowers through the season. By far the handsomest named variety and a decided rose-pink. Pkt., 300 seeds, 5c.

Petunia, Splendid Mixed. Solid colors, striped and star Petunias. Pkt., 400 seeds, 4c.; 2 pkts., 7c.; 1-1/2 oz., 15c.

Special Mixed Petunia. All five above strains. Pkt., 400 seeds, 5c.

Waldron, Mich., '16
"Your Giants of California Petunias were fine. From one packet I had 51 plants not two alike"
Mrs. J. C. Warden.

GIANTS OF CALIFORNIA, Double Mixed

I have taken utmost pains to secure the very best strains of Double Petunia, and in order to offer my patrons the handsomest varieties have mixed the strains of three expert growers, who have devoted years to the development of these large-flowering fancy Petunias. Not all come double, but the seed will give a good percentage of deeply fringed, double flowers, in the brightest colors and most beautiful tints. Those that come single will be of choice varieties. The flowers in the cut above were from one of my growers. Pkt., 50 seeds, 10c.; 2 pkts., 17c.

Double White Petunias. Very double and beautifully fringed. Pkt., 40 seeds, 10c.

PERILLA NANKINENSIS

A tall growing decorative plant, with purplish mulberry-colored foliage, pretty to mass with silver or green-leaved plants. It is very pretty for the border, where tall effects are desired, or to edge a bed of Cannas or other tall growing plants. 2 feet. Pkt., 100 seeds, 4c.
Phlox Grandiflora, Mixed. A bed of Phlox insures perpetual bloom and supplies an abundance of cut flowers for the house. The Grandiflora is a large-flowering variety, both the single blossoms and flower heads being very large and showy. This is an exceptionally fine strain, as I make it myself, including 15 or more of the best named varieties. Pkt., 200 seeds, 5c.; 2 pks., 6c.

Novelty Phloxes. A striking mixture of striped and auricula-eyed varieties. Pkt., 150 seeds, 5c.

Phlox, Salmon Pink. Very effective and beautiful, especially when grown in a mass by itself or with white. Pkt., 150 seeds, 5c.

Phlox, Vermillion Scarlet. A lovely deep brilliant scarlet, almost as handsome for bedding as geraniums. Pkt., 150 seeds, 5c.

Phlox, White Perfection. Large pure white blossoms. Pretty for cemetery planting or design work. Pkt., 150 seeds, 5c.

Phlox, Dwarf Mixed. A lovely dwarf strain, splendid for edgings. The blossoms are borne in abundance, forming a floral crown for each little plant which will last for weeks. Mixed from named varieties. Pkt., 150 seeds, 5c.

Phlox, Fringed and Star. The petals of both these varieties are toothed or fringed; in the former they are bordered by an irregular line of white, while in the latter each petal sends out a long point, giving the blossom a star-like appearance. Mixed. Pkt., 150 seeds, 5c.; 2 pks., 6c.

Phlox Drummondii, Special Mixed. The preceding seven sorts mixed. Pkt., 150 seeds, 6c.; 2 pks., 7c.

Collection of Grandiflora Phlox. One-half pkt. each of 8 grand sorts, including those in the illustration and four others equally handsome, 20c.

Chamlpin, Minn., July, '10. "I have the prettiest bed of Phlox from your seed that I ever had before in my life, and I am 63 and have always raised flowers. I counted 26 different colors. The Petunias are nice also."—Mrs. F. I. Bird.

PERENNIAL PHLOX

Don't waste space on the homely faded out magenta shades of Perennial Phlox, when a few cents will give you some of the newest and choicest hybrid varieties. Sow seeds in the fall or in winter in a shallow box (with good drainage) and set it on the north side of the house to freeze and thaw. The seeds will come up in the spring. Finest mixed, 2 to 3 feet. Pkt., 40 seeds, 7c.

PLEURISY ROOT

or Asclepias Tuberosa

One of the finest native perennials, bearing showy clusters of orange-red flowers, blooming the first year. Blooms from June to September and is splendid for the border. Hardy anywhere. 2 feet. Pkt., 5c.

PORTULACCA, or Moss Rose

Single Portulaca. Mixed. Pretty to mass in a bed or on some sunny slope. Pkt., 400 seeds, 6c.; 1/4 oz., 12c.
CHINESE PINK (Dianthus Sinensis)

Price per pkt., 200 seeds, 5c.; 2 pkts., 8c.

**Diadem Pink.** The largest double Pink. Flowers vary in color from lilac to crimson and maroon, with edges fringed and almost white.

**Double Pink, Mixed.** A magnificent strain with large double fringed and beautiful colored flowers, from the purest white to rich, velvety reds.

**Fireball Pink.** A splendid new variety, a dark blood red, very double, rich and velvety.

**Japanese Pink.** “Oriental Beauties.” Extra large flowers, many exquisitely fringed and fluted. Colors range from pure white, thru shades of pink and red, to darkest velvety crimson and blacks.

**Mourning Cloak Pink.** A large double flower of velvety blackish purple, margined and fringed with white.

**Single Mixed.** In all colors, mottled, and zoned, with petals beautifully fringed, including Crimson Bell, Eastern Queen, Salmon Queen and the new Pink, Wonderful. Fully as desirable as the double sorts.

**Snowdrift Pink.** Large, double white, petals beautifully fringed.

Minneapolis, Minn., Mar. '10. “I am an old customer and am much pleased with your seeds. My mother who was quite a florist, said she never saw more beautiful Purpulas.”—Mrs. C. J. Holmes.

| See Special Offer | of Spring-flowing Bulbs with liberal bulb premiums. Pages 47-50. |

PHEASANT’S EYE PINK (Dianthus Plumarius)

The old-fashioned Garden or June Pink. The flowers are beautiful, of great diversity of colors and deliciously sweet-scented. Hardy perennial; but like the Chinese Pinks, new seed should be sown from time to time, as old plants die out. Single and double, mixed. Pkt., 200 seeds, 5c.

SCOTCH OR GRASS PINK

A magnificent new strain of perpetual blooming Pinks, with colors of exquisite beauty, and marked by a deep velvety-red eye and a delicious clover-like odor. Double and single, mixed, including the new Rubra. Pkt., 75 seeds, 5c.

PINKS, SPECIAL MIXED

The above kinds, mixed (excepting Scotch Pink). Pkt., 200 seeds, 4c.; 2 pkts., 7c.

COLLECTION OF PINKS

One-half packet each of my nine kinds, a splendid assortment, 25c.

PLATYCODON, or Japanese Flower

A hardy perennial that blooms the first year, with showy large bell-shaped flowers, in blue or white. 2 to 3 feet.

**Double and Single Mixed.** The plants are covered for a long period with beautiful bell-shaped blossoms, forming highly ornamental little bushes. It is interesting, too, to watch the unfolding of the buds, which first appear like tiny puff balls. In the double sorts there will be two rows of petals, but not a large percentage will come double. Pkt., 200 seeds, 5c.

**Dwarf Platycodon.** Blossoms smaller and more bell-shaped. Bloom all summer. Pretty for an edging. 6 to 8 inches. Pkt., 200 seeds, 5c.

Special Rose Offer—One 2-year old Dorothy Perkins, one 2-year Crimson Rambler, 30c each; the two for 50c. Order before May 1.
POPPIES

SINGLE POPPIES, SPECIAL MIXED

In the craze for double flowers, the equally, and often more beautiful, single varieties are neglected. Most of the new offerings, however, have been single, and I hope you will take advantage of this splendid mixture, which includes eleven of the newest and best sorts, such as Admiral, petals pure white, with broad band of brilliant scarlet; Dainty Lady, rosy mauve, with dark blotches; Danebrog, scarlet with white cross; Tulip, brilliant scarlet; Charles Darwin, rich dark purple with black, velvety spots (see cut); Umbrosum, vermillion with black spots; and Mald of the Mist, white. Some have fringed or fluted petals, and all are more or less cup-shaped, as in the illustration. Pkt., 300 seeds, 5¢; 2 pkts., 8¢.

DOUBLE POPPIES

Double Mixed. A mixture containing the above named varieties; also strains of Peony, Carnation, and almost every variety of double poppy grown. Pkt., 400 seeds, 4¢; 2 pkts., 7¢; ½ oz., 10¢.

Poppies, Special Mixed

All my single and double varieties mixed. Pkt., 400 seeds, 4¢; 2 pkts., 7¢; ½ oz., 10¢.

PERENNIAL POPPIES

Iceland Poppies. The shades range from pure white to deep orange scarlet, with petals beautifully crinkled like crushed satin. They come early and stay a long time. Pkt., 400 seeds, 5¢; 1-16 oz., 10¢.

Oriental Poppy. A gorgeous flower for the perennial bed. It grows three to four feet high and bears immense scarlet blossoms, six to nine inches in diameter. Different shades of scarlet and orange, mixed. Pkt., 400 seeds, 5¢; 1-16 oz., 10¢.

COLLECTION OF POPPIES

One-half packet of each of my ten varieties, 20¢.

SHIRLEY POPPY

Nothing makes a more beautiful display, either in the garden or for decorating, than the Shirley Poppy. They range from pure white and delicate pinks to rich, gaudy hues—all of so sheeny a lustre as to be called Silk, or Ghost Poppy. One of the prettiest table decorations I have seen was a dainty basket of Shirleys. If picked before the sunshine strikes them, and base of stems dipped in boiling water, they last two or three days. No better assortment than mine.

Burbank's 1910 Selection. A new strain, originated and improved by Luther Burbank. Pronounced "unequaled" and "best of all" by some of the great American seedsmen who visited Mr. Burbank's grounds the past summer. Pkt., 400 seeds, 10¢.

Imported Shirley. A strain of great excellence, containing many beautiful new forms. Pkt., 400 seeds, 5¢.

Collection of Shirley Poppies. An English grower has developed several distinct varieties, including all the new and most beautiful forms, which I have been fortunate in securing. If you want a gorgeous mass of color, try this collection. Fifteen packets (100 seeds in each), including Burbank's 1910 Selection. Price, 30c.

Special Mixed Shirley Poppies. A mixture of the fifteen sorts mentioned in the preceding paragraph. Pkt., 400 seeds, 10¢.
PYRETHRUM HYBRIDUM

A beautiful early-flowering hardy perennial. The foliage is finely cut and quite ornamental, the flowers are in vivid shades of rose and pink, and are remarkable for the length of time they remain perfect. Perfectly hardy and easily raised from seed. They come in time for Decoration and Children's Day and are splendid for all cut-flower purposes. Very showy and pretty, and entirely hardy anywhere, even in the farthest North. 2 feet. Pkt., 200 seeds, 5c.

PASSION FLOWER (Australian Fruiting)

One of the prettiest of climbing plants for the window or outside trellis, climbing to a height of 20 feet or more. The flowers are both curious and beautiful, and very fragrant, and borne in great abundance. The seed pods, too, are highly ornamental, as they burst open and disclose their bright scarlet seeds. Pkt., 12 seeds, 6c.

SCARLET RUNNER

The bean known as Scarlet Runner is highly ornamental as well as useful, and both in foliage and flower as pretty a climber as many of its more aristocratic neighbors. Pkt., 15 seeds, 3c; oz., 6c.

Holland Patent, N. Y., Feb. '19. "I have the loveliest Primulas from your seeds, and they are greatly admired."—Miss S. Hitchcock.

PRIMULA SINENSIS (Chinese Primrose)

Primula are easily raised from seed. See my 'Culture of Flowers' for directions. They bloom year after year, but new plants always bloom more freely, and it is well to sow seed each year.

**Primula Fimbriata, Mixed.** Splendid mixture of new fringed varieties, including my three named sorts. Pkt., 45 seeds, 7c; half pkt., 25 seeds, 5c.

**Primula Fimbriata, Pink.** The most popular color. Pkt., 40 seeds, 7c.

**Primula Fimbriata, Chiswick Red.** Pkt., 40 seeds, 7c.

**Primula Fimbriata, White.** Pkt., 40 seeds, 7c.

**Primula Forbesi, "Baby Primrose."**—A "cute" little plant, flowering in three months from seed and continuing to bloom for months. The flowers are small, of pleasing rose color, and are borne in clusters on long, erect stems. Pkt., 150 seeds, 5c.

**Primula Obconica**—A distinct species, almost ever-blooming. The blossoms are white, or lilac-tinted, and are produced on long stems in large, showy clusters of from ten to fifteen flowers in a bunch. Pkt., 150 seeds, 5c.

**Hardy Primrose, (Polyanthus)**—Low-growing hardy perennials (except in extreme North), including the yellow English Primrose, so often commemorated in song and story, and other hardy sorts in mixed colors. Pkt., 5c.

Rochester, Minn., 1910. "I have ordered seeds from you for several years and always have lovely flowers. Had a Primula that far excelled anything you picture."—Mrs. H. A. Lull.
Dereham Center, Ont. Mar., 9, “My Primroses have been lovely; such large blossoms, and I thought they would flower themselves to death.”—Mrs. Wm. King.

**SALPIGLOSSIS**

_Superbissimus_

A splendid, large-flowering strain of this popular flower. Its funnel-shaped blooms are borne in graceful clusters, in innumerable colors—yellow, orange, crimson, bronze, lilac, blue, purple and almost black shades, the petals in each case being beautifully marbled and penciled. Annual, of easy cultivation. Once try it, and you will always want it in your garden. Mixed. Pkt., 400 seeds, 5c.

_Salpiglossis_ Collection.

An imported collection of six varieties, half packets, splendid for exhibition purposes. Price, 15c.

Silverton, Ore., Mar., '10. “The Asters from your seed were beautiful. I also raised about 30 plants from 1-2 packet of your Cineraria and have 8 now in full bloom. Some are 3 inches across and all are beautiful.”—Eunice C. Davenport.

**SALVIA SPLENDENS** (Scarlet Sage)

_Salvia “Bonfire.”_ Also listed as “Clara Bedman.” The plants form a symmetrical, oval bush about two and one-half feet high, with large spikes of brilliant scarlet flowers, not infrequently 200 to a plant. By far the best variety for bedding. Pkt., 50 seeds, 5c.; 1-16 oz. (about 750 seeds), 25c.

_Salvia, Silver Spot and Golden-Leaved, Mixed._

In the former the leaves are sprinkled with light sulphur spots (see cut), while in the latter the foliage is a fine yellow. Pkt., 50 seeds, 5c.

_Salvia, Zurich._ New. The earliest flowering and most dwarf of all. Splendid for Minnesota and other northern sections. Begins to bloom when only 3 inches high. 1 foot. Pkt., 50 seeds, 10c.

_Salvia, Special Mixed._ The above three varieties mixed, including also Salvia Grandiflora, the standard tall growing sort. Pkt., 50 seeds, 5c.; 1-16 oz., 25c.

**“BABY” ROSE**

_Rosa Polyantha Multiflora Nana,_ or “Little Midget” or Baby Rose, is a charming hardy little plant about 10 inches high, bearing clusters of minute roses only an inch across, double, semi-double, or sometimes single. The many-flowered clusters look like a mass of double crab-apple blossoms. I have taken pains to secure the best seeds and true to name. Not all the Rosa Polyantha seed is of this dwarf, early-flowering variety. It blooms the first season, though not attaining perfection until the second year. Pkt., 30 seeds, 6c.

**OTHER SALVIAS**

_Salvia, Farinacea._ (The Silver Sage). The foliage is silvery gray, and it bears hundreds of long spikes of a silvery lavender-blue, throughout the season. Very showy and attractive. Pkt., 100 seeds, 5c.

_Salvia, Maroon Prince._ A new dwarf-growing Salvia, fine for pots or bedding. Flowers the same as the scarlet in form and size, but of a deep purple-violet or maroon shade. Pkt., 50 seeds, 5c.

_ALL my SEEDS and PLANTS sent POSTPAID, unless otherwise noted._
TEN WEEKS STOCKS

Dwarf German Stock. A specially early large flowering strain. Pkt., 75 seeds, 5c.
Giant Perfection Stocks. Large-flowing, greatly improved varieties of the most brilliant shades. Mixed. Pkt., 75 seeds, 5c.
Snowflake Stocks. Large-flowing, snowy white flowers. Also listed as "Princess Alice" or "Cut and Come Again." Pkt., 75 seeds, 5c.

Stocks Special Mixed. A mixture including the above three sorts. 50 seeds, 4c.
Novelty Stocks. There are many beautiful new varieties of Stocks, too many to list them all, so I give my customers a chance to try them in a mixture. This includes Beauty of Nice (pink), Blue Bells, Dazzler (glowing crimson), Oriole (yellow), Princess Alice (white), Queen Alexandra (rosy lilac), Splendora (violet blue), Winsome (light blue). Pkt., 50 seeds, 8c. Any variety separate, 10c.

SWEET ROCKET (Hesperis Matronalis)
A hardy perennial bearing handsome clusters of white, lilac or purple, sweet-scented flowers. The name Hesperis means "evening" and was given because the blossoms are especially fragrant at night. One of the first to bloom in the spring. Pkt., 125 seeds, 3c.

GIANT JERUSALEM CHERRY (Solanum Aculeatissimum)
The Greatest Wonder of the Age as a Decorative Plant.

This is quite distinct from the common Jerusalem Cherry (Solanum Capsicastrum), being an herbaceous perennial, the roots living over winter, except in the North, where they should be stored in the cellar packed in sand. The second year they reach a height of 3 feet or over, and will be loaded with 100 or more large, brilliant, scarlet fruits, 1 to 1½ inches in diameter, that hang on for months, making a great display. The foliage, too, is attractive, characterized by deep purple midribs and prominent veins, and covered with thousands of spines all over the leaves and stems. It is splendid for lawns as it stands stiffly upright, forming a symmetrically striking bush, and is equally adapted to pot culture, the brilliant fruits staying on all winter. A string of them would make a splendid Christmas decoration, looking like balls of fire. (See Bulb List page 50, for offer of strong started plants of this grand novelty.) Pkt., 25 seeds, 6c.

SENSITIVE PLANT
Cultivated for its curious habit of closing its leaves at the slightest touch. Children always enjoy it. Tender annual. Pkt., 40 seeds, 5c.

SMILAX
No climbing plant surpasses the Smilax, not only for its graceful beauty of the vine but for its value in decoration. Pkt., 65 seeds, 5c.; ¼ oz., 10c.

Telford, Pa., Aug. '10, "Our Cinerarias and Calceolarias were wonders this spring, both bearing as high as from 60 to 70 blossoms."—Mrs. Frank Freed.

Northfield, Minn., Mar. 23, "Your Tomatoes, Cabbage and Pie Pumpkins were just splendid, I was so pleased with them."—Mrs. Maria L. Camp.
SUNFLOWER
Chrysanthemum-Flowered. Magnificent flowers 4 to 6 inches in diameter, very showy, with long, lilac petals. 5 to 6 feet. Pkt., 40 seeds, 5c.
Double Mixed. A choice mixture, containing the Mammoth Globosus Fistulosum, the Chrysanthemum-Flowered and several other sorts. Mixed. Pkt., 40 seeds, 4c.
Single Mixed. New types of the Stella, or "Cut and Come Again" Sunflower. The plants are branching and bushy and the flowers are like great yellow daisies. Also the Golden Nigger, long yellow petals, with black center. All fine for cutting. 3 to 5 feet. Pkt., 50 seeds, 5c.

TRITOMA, Red Hot Poker Plant
The Flame Flower. Fine for bedding or for the conservatory. A plant with gorgeous scarlet spikes, rivaling the caiman in brilliancy and the gladiolus as a cut flower. They bloom from June till November, and are hardy with protection in most sections. New mixed hybrids. Pkt., 40 seeds, 6c.

GIANT SNAPDRAGON
One of the finest bedding plants, being constantly in bloom throughout the summer, 1 to 1½ ft.
Brilliant Scarlet. White throat. Pkt., 300 seeds, 5c.
New Pink Shades. Rich rose, coral and salmon pink shades, very choice varieties. Pkt., 300 seeds, 5c.
Queen of the North. White bedding variety, with small pale yellow spot. Pkt., 300 seeds, 5c.
Vesuvius. New and striking, Deep vivid orange or flame color. Pkt., 300 seeds, 5c.
Giant Mixed. A splendid mixture of these old-fashioned favorites, with extra large flowers in many brilliant shades, including those named above. 1½ feet. Pkt., 300 seeds, 4c; 2 pkts., 7c.

GIANT SPIDER PLANT
(Cleome Pungens)
Sometimes listed as Electric Light Plant. A tall, bushy annual, each branch crowned with a huge, showy cluster of white, or lilac, flowers, which throw out long stamens curiously like spiders' legs. This is a great improvement on the older sorts, and you should not fail to try it. Use it in clumps, in beds with tall decorative plants, or as a screen. Bees like it and hover about it all day. Blooms from July until frosts. 2 to 5 feet. Pkt., 200 seeds, 5c.
MISS EMMA V. WHITE.

STOKESIA CYANEAE (Cornflower Aster)
The scarcity of blue cut flowers makes this a valuable addition to the perennial border. It bears freely large lavender-blue, Centaurea-like flowers from July until frost. One of the most desirable hardy perennials. 18 to 24 inches. Pkt., 25 seeds, 5c.

FORDHOOK MAMMOTH VERBENA, Mixed
A splendid mixture, with exceptionally large trusses of flowers whose individual florets are often as large as a silver quarter. This includes all my named varieties, also strains of other prominent growers, so that I can warrant it to be as fine as the highest priced mixtures of other seedsmen. Pkt., 125 seeds, 5c.; 2 pkts., 8c.

Mammoth Auricula-Flowered Verbena. Large flowers, with distinct white eyes in the center of each floret. Mixed. Pkt., 125 seeds, 5c.

Mammoth Italian Striped Verbena. Pkt., 125 seeds, 5c.
Mammoth Pink Verbena. Fine pink shades. Pkt., 125 seeds, 5c.
Scarlet Defiance Verbena. Beautiful scarlet. Pkt., 125 seeds, 5c.
Mammoth White Verbena. Pure white. Pkt., 125 seeds, 5c.

New Durham, N. J., Mar.
"My Sweet William was beautiful and much admired. There were over 20 colors in the mixed variety packet." — Mrs. E. L. Mallory.

SWEET WILLIAM

Sweet William, Pink Beauty. New pleasing shades, ranging from delicate pink to deeper mottled shades. Pkt., 200 seeds, 5c.
Sweet William, Double Mixed. Beautiful, large flowering varieties, solid, margined and auricula-eyed varying from white, lavender, pink, crimson to deepest velvety red. 1½ feet. Pkt., 200 seeds, 5c.; 2 pkts., 8c.
Sweet William, Special Mixed. The above and other choice varieties mixed. A splendid assortment. 1½ feet. Pkt., 150 seeds, 4c.; 2 pkts., 7c.

New Annual Sweet William. This is a cross between the Chinese Pinks and Sweet William, having the free and continuous blooming qualities of the former and hardness of the latter. It blooms the first season, and in color is deep, intense, velvety scarlet. 1 foot. Pkt., 75 seeds, 5c.

SWAINSONIA ALBA

A pretty greenhouse plant which may be trained as a vine, or kept in bush form by picking back. The foliage is fern-like and the blossoms, pure milk-white, like miniature sweet peas, are borne in small clusters of fifteen to twenty-five in a bunch. Perennial. Pkt., 15 seeds, 8c.
Rowletts, Ky., Mar. “I had such a pretty bed of Zinnias from your seed. Every one thought them as pretty as Dahlias.”—Mrs. J. A. Mears.

UMBRELLA PLANT
A decorative foliage plant throwing up tall stems surmounted by whorls of graceful grass-like leaves. It grows rapidly from seed. Pkt., 50 seeds, 5c.

WINCA
A beautiful perennial which blooms the first summer, used either for the window or for bedding out. The leaves are dark and glossy, blossoms white or white with a crimson center, or all crimson. Very profuse bloomer, continuing from early summer until frost. 20 inches. Pkt., 150 seeds, 5c.

“GOLDFINCH”

IMPROVED DWARF ZINNIA, Giant Flowering
Jacqueminot. A dark, velvety, geranium-red. Pkt., 50 seeds, 5c.
Pink, including salmon-rose and flesh Pink. Pkt., 50 seeds, 5c.
Snowball. A very double white. Pkt., 50 seeds, 5c.
Yellow. Lovely canary and other yellow shades. Pkt., 50 seeds, 5c.
Improved Dwarf Mixed. The above and other named varieties mixed, all giant-flowering. A splendid mixture. 11/2 feet to 2 feet. Pkt., 65 seeds, 5c.
Zinnia, Curled and Crested. The petals are curled and twisted, making graceful flowers in all the Zinnia shades. Pkt., 50 seeds, 5c.
Collection of Curled and Crested Zinnias. 8 colors. half pkts., 20c.
Little Red Riding Hood. An extra dwarf variety, which I especially recommend for bedding or as an edging. The blossoms are small and very double, thickly covering the plants till late frosts. A mass of these with an edge of Little Gem Alyssum makes a showy and inexpensive bed. Try it. About 1 foot. Pkt., 65 seeds, 5c.

ZINNIAS, Special Mixed
A splendid mixture, including all the above sorts and the choice Zebra and other strains. Pkt., 65 seeds, 4c; 2 pkts., 7c.

VIOLET
“Knowest thou what thoughts from Heaven the violet instills?” And so the Violet has ever stood as an emblem of innocence and purity. It is slow to germinate, but when once established it is the first flower to greet one in the spring. Hardy Perennial.
The Czar. Blue. Pkt., 100 seeds, 6c.
White Queen. Pkt., 100 seeds, 6c.
Violets, Mixed. White, blue. Pkt., 100 seeds, 6c.

WALLFLOWER, Mixed
An old-fashioned flower, always found in English or German gardens. If winters are not severe it lives over, blossoming profusely in the early spring, or plants may be potted in August for winter flowering. Extra large flowers, brilliant red and brown shades, single and double. Pkt., 50 seeds, 5c.
LAWN GRASS SEED

My Lawn Grass Mixture. and I make but one, is the very best that can be made. If directions are followed it will give a soft, close sod of uniform texture and rich emerald green. Allow 1 qt. for 300 sq. ft.; 1 pk. for 2,500 sq. ft.; 5 bu. per acre.

Lawn Grass, Best Grade. 1 pt., 20c, postpaid; 1 qt., 38c, postpaid; 2 qts., 70c, postpaid; 1 pk., (5 lbs.), $1.40, by express (at buyer's expense); 1 bu., (20 lbs.), $5.00, by express at buyer's expense. If ordered by freight, add 25c for cartage.

Shady Place Lawn Grass. A mixture especially adapted for sowing under trees and other shady places. 1 qt., 40c, postpaid; 2 qts., 70c, postpaid; 1 pk., $1.50 (by express at buyer's expense).

White Clover, Sterling Grade. 1 oz., 7c; ¼ lb., 15c; 1 lb., 50c, all postpaid.

How to make a Good Lawn. See directions in "Culture of Flowers," page 29. Free, if asked for, with any order of 25c or over.

To Renovate a Poor Lawn Sod. Cut lines six inches apart, and mellow to a depth of three inches. Sow seed and cover lightly with some of the mellow dirt.

FOR SHADY PLACES

I am often asked "What flowers will do well in shady places?" The following may be used: Aechmea, Alyssum, Anchusa, Anemone, Arabis Alpina, Asperula, Bachelors' Button, Begonia, tuberous-rooted, Calendula, Canterbury Bell, Campanula (Annual), Columbine, Coreopsis, Daisy (English), Eschscholtzia, Feverfew, Phlox (scarlet). Forget-Me-Not, Foxglove, Grecinia, Larkspur, Mauve, Mignonette, Minimus, Oenothera, Pansy, Petunia, Fuchsia, Poppy, Snapdragon, Violet.

WONDERBERRY

No creation of recent years has caused more widespread comment than Luther Burbank's famous Wonderberry. It is a cross between two wild Solanums, the fruit of which is something like a blueberry, only very much larger and blacker. It comes into bearing within 3 or 4 months from seed sowing, and the berries are produced in abundance until frost. These may be used for the table, for pies or for canning. From the first trials various reports are given. Some pronounce it of little or no value, others commend it highly. At any rate, those who have been deterred because of the high price of the seed may like to try my seed, which I have obtained from Mr. Burbank himself, and decide for themselves whether, as claimed, it is to be of "great importance to the human race." Seed may be started in April, same as tomatoes, transplanting at proper time, or may be sown in the ground in May. Set plants 2 feet apart each way. They are of spreading habit, but not tall-growing. Packet, 6c; 2 packets, 10c.

CINNAMON VINES

Beautiful Leaves, Dainty Flowers, Exquisite Perfumes, Grows in Shade or Sun, Wet or Dry. No Insects Ever Trouble. No Winter Harms.

The Cinnamon Vine. A charming climber that will quickly surround your Arbor, window or veranda with a wonderful profusion of vines covered with handsome, glossy, heart-shaped leaves and sweet scented flowers. Perfectly Hardy, thriving everywhere. The first year the vines run about 10 feet, but eventually reach a height of 25 to 40 feet, while its many clusters of delicate white flowers emit a delicious fragrance. See my "Culture of Flowers" for directions. See my "Culture of Flowers" for directions. Two or three roots planted on each side of a door or window will quickly cover it. Set plants one foot apart. They do best in a warm, sunny location, though thriving anywhere.

EXTRA QUALITY—Sure to Grow.
Price: 1 strong root, 5c; 3 roots, 12c; 6 roots, 21c; 12 roots, 40c; all postpaid.
SELECT BULB LIST

IMPORTANT NOTICE

Bulb Department. This includes pages 47, 48, 49 and 50, and is entirely separate from Seed and Plant departments. Make out Bulb orders in a separate list to avoid danger of mistakes.

Postpaid. All bulbs are sent postpaid. Bulbs may be ordered to June 1, but we reserve the right, in late orders, to substitute other equally good varieties.

Cannas are dormant roots, but late orders will be filled with started plants, if desired, or if dormant stock runs short. All Dahlias are double.

Deliveries to Southern and Pacific Coast points will be made soon after receipt of order; to Central and Northern states as soon as weather permits. After April 10, it is usually safe to mail bulbs anywhere. Do not worry if there is some delay. It will take from one to two weeks for an order to reach you.

SPECIAL PREMIUMS FOR BULB ORDERS

These premiums do not apply to anything except the bulbs listed on pages 47, 48, 49 and 50, and to the Special Bulb Offer on Bargain Sheet. GLADIOLI IN MIXTURE
Many prefer to buy Gladioli in mixtures because they thus get much better value for their money, as there are many kinds sold in mixtures that are just as good, and often better, than many of the named kinds. I have taken great pains this year to get some of the finest stock that can be had anywhere to put into my three mixtures, and if you buy either of them you can feel sure of getting big value for your money.

Good Mixed. A fine strain of many colors. Price, 1st size, 12 for 30c; 45 for $1.00; 100 for $2.10; 2nd size, 12 for 20c; 70 for $1.00; 100 for $1.40.

Choice Mixed. This mixture is big value, contains some very fine kinds and is sure to please. Price, 1st size, 12 for 45c; 30 for $1.00; 100 for $3.15; 2nd size, 12 for 30c; 50 for $1.00; 100 for $1.90.

Best of All Mixed. We want to call special attention to this mixture as it contains some of the grandest seedlings from one of the greatest hybridizers in the world. 6 for 30c; 12 for 55c; 25 for $1.00; 100 for $3.75.

My "CULTURE OF FLOWERS" (free if asked for, with any order of 25c or over) has helpful paragraphs on culture of Canna, Dahila and Gladioli.

KUNDER'S WONDERFUL RUFFLED GLADIOLUS

Just as I am going to press I have an opportunity to offer this wonderful new variety, the first of an entirely new race of Gladioli, which bears the same relation to the standard sorts as the Spencer Sweet Peas to the old Grandiflora varieties. Its grand waved and ruffled edges, as shown in the illustration, make it the most attractive of all Gladioli, relieving greatly the stiffness and lack of grace that have detracted somewhat from their use as cut flowers. Price 25c each.

Brockton, Mass., Feb, '10. "From your seed last year the Ostrich Feather Cockscomb were glorious, the admiration of even the most experienced flower growers, and there was no Kochia in the city that compared with mine."—Mrs. Frances M. Billis.
MISCELLANEOUS BULBS OF MERIT

Every bulb offered on this page is worthy of cultivation in every garden or window.

**Hedychium, or Butterfly Lily.** Grows best on low, damp ground. Roots and plant much like Cannas, but the leaves are narrower and the flowers are produced from a close head, blooming about four o'clock p.m. The pure white flowers look much like white butterflies and are very fragrant. If kept in the house in a growing state it blooms continuously. 15c each; 3 for 40c.

**Hemerocallis Flava, or Lemon Day Lily.** This is an old garden favorite. 15c each; 3 for 40c.

**Hemerocallis Fulva, or Orange Day Lily.** One of the most constant bloomers, very hardy. 15c each; 3 for 40c.

**Hemerocallis Fulva, Double.** The Double Orange Day Lily is greatly admired by all. 15c each; 3 for 40c.

**Iris, Verme.** A native American Iris, perfectly hardy and many dwarfs of the familiar flowers as delicate as an orchid, blue marked with orange. 10c each; 3 for 25c; 12 for 90c.

**Iris, German Blue.** A beautiful large flower, 1 to 1 1/2 ft high. 10c each; 3 for 25c.

**Iris, German White.** A good mate to the above, but not quite as tall; very handsome. 10c each; 3 for 25c.

**Ismene Calathina.** A grand summer flowering bulb, producing large amaryllis-like, pure white, fragrant blossoms from June to September. Bulbs can be taken up in October and after a few weeks rest, potted and flowered in the house in winter, or kept over to be planted in spring. 25c.

**Milla Biflora.** Sometimes called the Mexican Star of Bethlehem. A most desirable summer-flowering bulb for the garden or pot culture. The waxy flowers are nearly 2 1/2 inches in diameter, pure white and usually borne in pairs. The petals are of great substance and the flowers keep for days when cut. 7c each; 3 for 20c; 12 for 75c.

**Stokesia Cyanea.** A hardy plant, with fleshy roots, as easy to grow as a strawberry plant. Its handsome, double blue flowers, 3 inches or more across, resembling a monster Bachelor Button, well supply the demand for a constant-blooming blue flower. 10c each; 3 for 25c.

**Solanum Acauleattissimum.** Or Giant Jerusalem Cherry. This is one of the grandest of new fruiting ornamental plants, either for pot culture or for the garden. It is herbaceous, the roots living over winter. We will supply either nicely started young plants, or strong one-year-old roots. For more complete description see p. 42. Strong young plants 10c each; 3 for 25c. Strong one-year roots 20c each; 3 for 50c.

**Xanthosoma Bataviense.** The Xanthosomas are similar to Caladiums, having great arrow-shaped leaves, and many of them are edible tubers. This variety has very dark purple stems and dark green leaves and is one of the best ornamentals we know of. Fine for either garden or house culture where one has room enough for a magnificent plant, 20c each; 3 for 50c.

**Xanthosoma Illustre.** Another plant of great beauty, growing 18 inches to 3 ft., leaves heavily blotched with velvety black. Fine for either house or outdoors. 20c each; 3 for 50c.

**Xanthosoma Marshallii.** Very quick growing, medium-size, green leaves on dark stems. More stately than the common Caladiums. Strong tubers or plants, 20c each; 3 for 50c.

**Xanthosoma Robustum, or New Century-flowering Caladium. Leaves light green, very large; flowers fragrant. A fine sort. 20c each, 3 for 50c.

**Xanthosoma Sagittifolium.** Plant is vigorous grower; leaves light green, beautiful for bedding; edible roots excellent for culinary purposes. Price, 20c each; 3 for 50c.

**Xanthosoma Violaceum.** A grand species of large size, with deep, bluish-green, very upright foliage; a superb decorative subject. 25c each.

**Zephyranthes, or Fairy Lily.** Much like an Amaryllis, but smaller. Of the easiest culture and very beautiful. Three colors, White, Pink and Versicolor. Either color, 6c each; 3 for 15c; 12 for 50c.

**Yucca Filamentosa.** Among the hardy ornamental foliage and flowering plants this can be placed well at the head, its long, stiff leaves give it a striking appearance, and its tall stalks of beautiful white bell-like flowers are very attractive. 10c each.

"I have always found your seeds good and plants as nice as higher priced ones of other seedsmen."—Margaret Mastin.

My latest edition of “Culture of Flowers” (free if asked for with an order of 25c or more) contains a valuable article on Rose Culture.

CLIMBING ROSES

RAMBLER QUINTETTE OF ROSES, 54c

The Rambler Roses are the finest of all climbing roses. They are very hardy, grow rapidly, and, as they bloom somewhat later, help to prolong the rose season. Give them plenty of sun and they will produce a great wealth of beauty of bloom.

Aagla (Yellow Rambler). Not so hardy as some, but it withstands, without protection, a continued temperature of zero, or two or three degrees below. Bright lemon yellow. Price 10c; 3 for 28c.

Crimson Rambler. The original Rambler. Price 10c; 3 for 28c.

Lady Gay. Beautiful rose-pink flowers of good size, very double and borne in immense clusters. 12c; 3 for 30c.

Tausendschon (Thousand Beauties). Surpasses all other roses in this section in growth and beauty, and quantity of bloom. Color—lovely soft pink, changing to rose-carmine; in bloom from June to the end of July. Price, 15c; 3 for 36c.

Thalla (White Rambler). Immense clusters of fragrant white roses. Price, 10c; 3 for 28c. These Five Hardy Climbing Roses for 54c.

WHITE DOROTHY PERKINS

A dependable, hardy, climbing white rose, adapted to all sections, has at last been found in this pure white sport from the popular Pink Dorothy Perkins, which it exactly resembles in all its desirable qualities, including vigorous habit of growth and profuse and long continued flowering. As it blooms at the same time, it is a splendid companion to the pink variety. Price, 15c.

The Two Dorothys, Dorothy Perkins, the original pink variety and the new White Dorothy Perkins for 22c.

TWO NEW HARDY CLIMBING ROSES

Price 16c each; two for 30c.

Rose, Flower of Fairfield, or Everblooming Crimson Rambler. It commences to flower in early summer and produces repeated crops of bloom until late fall. It is a sport from Crimson Rambler, is of the same habit and color, the perhaps a shade more brilliant, and has greater resisting power to the sun.

Veltchenblau, or Violet-blue Rose. The most novel of all roses, the result of many years of effort by expert rose growers. It blooms in large clusters, like the Ramblers, is very hardy and not troubled by mildew. Upon first opening the color is a sort of rose, but soon changes to a steel blue, like that of the early violets.

THREE OTHER CLIMBING ROSES

Price, 10c each; 3 for 28c.

Dorothy Perkins. Of the Rambler habit, with beautiful shell-pink flowers, remarkable for hardiness and rapidity of growth. The flowers are borne in loose clusters of from 30 to 40 in a truss, sweetly scented.

Baltimore Belle. Pale blush, produced in large clusters.

Queen of the Prairie. Bright pink, very double.
FOUR BABY RAMBLER ROSES

BABY RAMBLER, crimson, a superb rose for pot culture, or for bedding. Hardy and almost never without blooms. Price, 12c; 2 for 20c.

BABY DOROTHY. Rose-pink, similar to Dorothy Perkins. Hardy, blooming from early spring to late fall. Price, 15c.

MRS. CUTBUSH. The new baby rose, color peach-blossom pink, of the same attractive habits of growth and profuse flowering as the other baby roses. Entirely hardy. Price, 15c.
